I. A. O. 47. Correspondence, Telegrams.—Reference I. A. O. No. 9 current. The use of the indications "Immediate" and "Important" must be confined strictly to the class of telegrams for which they are intended.

2. Telegrams can only be justifiably marked "Immediate" when a saving of time to the extent of two hours is of essential consequence; the importance of the subject matter in itself does not warrant such marking, and the occasions on which it is necessary should be extremely rare.

3. Only telegrams of the utmost urgency will therefore be marked "Immediate", the marking "Important" being quite sufficient in all but the most exceptional circumstances.

I. A. O. 48. Disposal of time-barred claims of Indian ranks to count former service towards good conduct pay and pension.—In Army Instruction (India) No. B-346 of 1926 the Government of India have sanctioned the delegation of power to District and Independent Brigade Commanders, for a further period of six months, to dispose of time-barred claims of Indian ranks to count former service towards good conduct pay and pension.

During the further period this sanction is in force, special efforts will be made to dispose of all outstanding cases.

I. A. O. 49. Submission of claims to railways on account of compensation for loss of military stores while in transit by rail—Under Section 77 of the Indian Railways Act, IX of 1890, a claim for compensation for loss, destruction or deterioration of animals or goods delivered for carriage by rail must be preferred in writing to the Railway Administration within six months from the date of the delivery of the animals or goods.

2. To insure that all claims for compensation for loss of military animals and stores are preferred within the prescribed time limit, I. A. F. T-1731 has been introduced and will be obtained in the usual manner from the Deputy Controller, Forms. The form will be filled in by consignee and de-patched to the nearest claims office of the railway on which the station of destination lies. The consignee will also watch the receipt from the railway of the detachable voucher attached to the form and in the event of its not being forthcoming within a reasonable time, will take steps to obtain an acknowledgment of the claim from the railway.

3. Regulations for the Army in India will be amended accordingly.

I. A. O. 51. Casualties.—Reference note (V) to item 27 of I. A. F. Z-2000, much delay in some cases has occurred in the submission to the India Office of the detailed report (with copy of medical history sheet) required in the case of the death of an Indian Army Officer, which has resulted in delay in the assessment of widows' pensions.

It is imperative that these instructions should be carried out with the least possible delay.

I. A. O. 73. Promotion Examinations—Officers.—Army Order No. 399 of 1926, is published.

“ 399 King's Regulations, 1923—Amendments—

5 For paragraph 856 substitute—

856. There is no restriction in regard to the number of times a lieutenant or captain may present himself for examination in any subjects, written or practical, unless he has been superseded for promotion, in which case he will become subject to the conditions laid down in the Pay Warrant. Subjects (b), (d), (e), (g) or (i), may be taken up separately at any of the half-yearly examinations. Subject (h) (lieutenants, R.A.M.C.) will be held once yearly in March. An officer who fails in one sub-head only in any of these subjects will be required to undergo re-examination in that sub-head only. Failure in more than one sub-head of a subject will, however, entail re-examination in the whole of that subject. The two parts of sub-heads (b) (i) and (d) (i) count as one sub-head and failure in one part only will necessitate re-examination in that part alone.

An officer who does not present himself for examination in a sub-head to which he is liable will, as a rule, be deemed to have failed in that sub-head.

8. Appendix X (as promulgated by Army Order 247 of 1926). Insert new paragraph before last paragraph on page 24 :—

“ In cases where large numbers of candidates present themselves for examination, the board will be divided into groups, in the proportion of 3 examiners to each group of 8 candidates. It is left to the discretion of the presidents of boards as to whether the groups of candidates remain throughout the examination with the same group of examiners or are interchanged.”

The above orders are applicable to officers of the Indian Army except with regard to the conditions to which they become subject in the event of being superseded for promotion, which will be notified shortly.

I. A. O. 96. Stationery.—Circular Memorandum No. Sp-98|2124, dated 12th January 1927 from the Deputy Controller, Stationery and Stamps, Calcutta, is published below.

A-42186|A.G.-11.

14th February 1927.

The Stationery Department has for a number of years experienced very considerable difficulties at the close of the financial year by the non-observance by Officers and Departments of Rule No. 7 of the "Rules for the Supply and Use of Stationery Stores", which is reproduced below for ready reference:—

7. *Closing of Stores.*—The Central Stationery Office is closed annually from the 31st March to 15th April for stocktaking. Indents received after the end of *February* will *not* be complied with until the stores are reopened, unless of an urgent or exceptional nature; in this case they will be complied with, so far as practicable, provided that they are received by the *10th March*.

The position has become so acute that it has become necessary to apply the rule strictly in order to avoid a block in the system of supplies. 328 indents were received between the 1st and 10th March 1926 marked *urgent* by Departments. Urgent and exceptional indents received in the Stationery Office by the 10th March will be complied with only if countersigned by the head of the Department, or in the case of the Secretariat by a Deputy Secretary.

A very usual and repeated excuse for sending indents for compliance after the last day of February is "that the allotment will expire if the demand is not complied with before the 31st March". This is not considered a sufficient excuse for breaking the Rule and such indents will be returned.

I. A. O. 97. *Accounts.*—The amalgamation of certain District and Brigade Accounts Offices in Command Offices under Command Controllers and centralization of audit in Commands, has been sanctioned as a provisional arrangement in Government of India, Finance Department (Military) letter No. 255-Accts.-[Camp, dated the 24th December 1926.

2. The Financial Adviser, Military Finance has issued the following instructions on the subject:—

- (1) The office of the Controller of Military Accounts, Bombay District, shall be amalgamated with that of the Controller of Military Accounts, Southern Command and Poona District, with effect from the 1st January 1927.
- (2) The office of the Controller of Military Accounts, Waziristan District, shall be amalgamated with that of the Controller of Military Accounts, Northern Command and Rawalpindi District, with effect from the 1st April 1927, or as soon after that date as circumstances may permit.

The office of the Controller of Military Accounts, Kohat District, has already been amalgamated with that of the Controller of Military Accounts, Northern Command and Rawalpindi District, and this arrangement will continue for the present.

- (3) The Controllers of offices when amalgamated will be designated respectively, Controller of Military Accounts, Southern Command, Poona and Bombay Districts; and Controller of Military Accounts, Northern Command, Rawalpindi, Waziristan and Kohat Districts, and will be Financial Advisers to

14th February 1927.

the General Officers Commanding-in-Chief the Commands, as well as to the General Officers Commanding the Districts comprised in the amalgamation.

- (4) The Budget Estimates, Compilations and Exchange Accounts of the Districts, the amalgamation of which is sanctioned in the letter referred to will continue to be maintained separately as at present until further orders.

Officers Commanding units will accordingly submit to the Controller of Military Accounts concerned any such claims which have not yet been disposed of.

A.-42049|A.G.-14.

I. A. O. 99. National Health and Pensions Insurance.—Copies of a leaflet—"National Health and Pensions Insurance"—for the information of British soldiers of His Majesty's Forces, are available for issue and indents will be submitted direct by units and formations to the Adjutant General in India, (A. I. A. O. 130. Disability Pensions—Indian Army.—Reference Army Instruction (India) No. 1050 of 1922 certain Indian combatants and non-combatants who sustained disabilities on or after 4th August 1914 and before 19th December 1922 and who were not eligible for disability pension under the rules existing between those dates became entitled to the benefits of the disability pension conditions promulgated in that Instruction.

Medical boards assembled to report on the disabilities of such individuals must record their opinions on I. A. F. Y. 1948 not only on the degree of disability but also on the question whether the disability was or was not attributable to Military Service|Military Service in an area declared to be a field service area.

2. Under paragraphs 612 (i), 617 (ii) and 621 (i), Pay and Allowance Regulations, Part II, a disability not certified by the original medical board to be incapable of improvement, must be reassessed by a later medical board held after the expiry of a certain period. Under paragraphs 612 (ii) and 621 (ii) a disability pension granted for life may be increased to the appropriate higher rate if a substantial increase in the percentage of disability has occurred as the result of the original cause.

A medical board assembled to reassess the degree of a disability of an Indian combatant or non-combatant in such circumstances will express no opinion regarding the origin of the disability, as an opinion regarding its origin has already been recorded by the original board, but will restrict itself to replying to the specific questions appearing in I. A. F. M.-1265.

3. The proceedings of medical boards assembled for the reassessment of disabilities referred to in (2) above will be recorded on I. A. F. M.-1265—a new form obtainable on indent from the Deputy Controller, Forms, Calcutta, on an "as required" scale.

2. Before any transfer of Ordnance stores takes place between Units, whether returnable or not, the sanction of the G. O. C. District must first be obtained, *vide* paras. 4 and 106 of Regulations for the Equipment of the Army in India, 1923, Part I.

Army Council Instruction 25 of 1927.

Inoculation and Re-inoculation of Officers, Other Ranks and Women and Children, before proceeding overseas—Amendment—The following amendment will be made to A. C. I 396 of 1926.

For para. 5 substitute :—

"5. Individual officers proceeding overseas for the first time will hand to the embarkation officer for transmission to the senior medical officer, or to the surgeon of the ship, A. F. I.-3956 (when issued) or a certificate in their own handwriting to the effect that they have, or have not, been inoculated against enteric fever. Officers who have not been inoculated will consult the senior military medical officer of the ship, or the ship's surgeon, as the case may be, who will afford them the opportunity for anti-typhoid inoculation during the voyage. Where no military medical officer is carried, the ship's surgeon will return the army form (or certificate) to the officer, at the latter's request :—

In the case of protected individuals .. As soon as the fact has been noted by the surgeon.

In other cases After the consultation.

6th April 1927.

On arrival of the officer at his destination, the return (or certificate) will be handed in to unit headquarters.

Officers are reminded that where a ship's surgeon is employed to carry out inoculation, the officer himself is responsible for the payment of the fee charged, except when the circumstances are such as to render it inadvisable that inoculation should be deferred until the officer arrives at a military station, or when the officer has embarked with less than 14 days' notice. In such cases officers will hand to the ship's surgeon a statement of the circumstances for attachment to the form on which he claims his fee."

I. A. O. 227. I. A. O. 244. Returns—Indian Army.—Many Indian units include in their monthly strength returns (I. A. F. Y.-1908) personnel—especially British Officers—who hold seconded appointments. Foot note 1 to the printed instructions on I. A. F. Y.-1908—which directs that British Officers, Indian Officers and Indian Other Rank seconded must not be included either in the authorized or actual strength—must be carefully complied with.

I. A. O. 246 Legal and Judicial—Admissibility of Evidence.—Whenever it is necessary for the purposes of the Army Act, [e.g., Sections 11 and 15 (2)] to prove the existence or contents of a published order, regard must be had to the provisions of Section 163 (h) thereof, under which a "certified true copy" of such order is admissible, and to the definition of "regimental" in Section 190 (17).

"Certified true copies" of other orders (e.g., station orders, company orders, battery orders, etc.) are therefore not admissible in evidence, and in such cases the original order (one of the many originals when several printed or typed copies are issued simultaneously) must be produced unless secondary evidence thereof be admissible under the ordinary

15th April 1927.

rules of evidence (Manual of Military Law, Chapter VI, paragraph 35). See also K. R 1671.

In cases of doubt as to the admissibility of such documents, the Deputy[Assistant Judge Advocate General concerned will be consulted.

A.-41907[A.G.S.

I. A. O. 247. Legal and Judicial—Charges.—Certain convictions under Army Act, Section 15 (2), have had to be quashed on technical ground.

Notes 7 and 8 on page 395, Manual of Military Law, specimen charge sheet No. 36 on page 666 thereof and paragraph 37 (d) of the "Guide to Courts Martial under the Army Act", show what is required of convening and commanding officers.

Charges under Section 15 (2) of the Army Act are only applicable to parades formally ordered by a commanding officer or other officer having authority to order parades on his own initiative.

The place and time of such a parade, as well as its 'appointment' by the commanding officer must therefore be alleged in the particulars of the charge and formally proved in evidence by the production of the relevant orders.

Absence from parade which does not fall within the above category, or where the requisite formal proof of place, etc., is lacking, must be charged under Section 15 (1).

The above instructions apply, *mutatis mutandis*, to charges under Section 30 (f) of the Indian Army Act.

Men belonging to the Association will be given every facility to enable them to attend the Convention

A.-19839[A.G.-11.

I. A. O. 250. Furlough—Soldiers. 1. Private soldiers of the British Army on the Indian Establishment are not eligible for free furlough to the United Kingdom

15th April 1927.

2. Applications on their behalf for the grant of furlough to the U. K. on compassionate grounds can only be considered, unless the circumstances are very exceptional, if there is evidence to prove that the cost of the soldier's return passage to India can be defrayed either by himself or from some other source which is not a charge against Indian Revenue.

A.-41959|A.G.-11.

I. A. O. 251. Accounts.—Final no demand certificates in respect of officers proceeding to, or who have proceeded to, the United Kingdom on resignation of their commissions or on retirement, must be forwarded to the India Office without delay.

On receipt of an intimation from Army Headquarters, India, Command or Independent District Headquarters, of the date of an officer's retirement, etc., which will contain a reference to this India Army Order, his commanding officer will *immediately* furnish India Army Form A-450, completed in so far as regimental and public claims are concerned, to the Controller of Military Accounts responsible for the disbursement of the officer's pay.

The necessary amendment to paragraph 102, Regulations for the Army in India, will be published in the Amendments to Regulations, etc., dated 1st June.

A.-37699|A.G.-13.

I. A. O. 252. Pensions—Indian—Holding of Courts of Enquiry in all cases where disability or death is attributable to injury resulting from accident.—Under the new disability and family pension rules for the Indian Army the only criterion for the grant of disability or family pensions is that the disability or death, whether due to wound, injury or illness, should be attributable to military service.

2. The question whether a disability or death resulting from wounds, injury or illness was or was not attributable to military service is decided solely by a Medical Board, or by the medical officer who signs the death certificate, as the case may be. In cases, however, where disability or death is attributable to injury resulting from an accident, the Medical Boards (or medical officers in case of deaths) and the pension sanctioning authority form their opinion in accordance with the evidence given at the Court of Enquiry held to enquire into the cause of the accident, etc. Not all such cases are provided for in paragraph 735 (iii), King's Regulations.

3. In every case of disability or death resulting from accident, a Court of Enquiry will, therefore, be held as soon as possible after the occurrence of such accident.

4. The Proceedings of the Court of Enquiry will be submitted to the pension sanctioning authority along with the disability or family pension claims.

In the case of units without an armourer, the procedure laid down in Regulations for the Equipment of the Army (India), Part I (Provisional), 1923, paragraph 135, will be followed.

I A. O. 282. Repatriation of Royal Corps of Signals Personnel.—Reference India Army Order No. 262 of 1925, British other ranks of the Royal Corps of Signals, who will have completed six years in India before 1st April 1928, and who are not due for discharge or transfer to the Army Reserve before that date, will be required to elect definitely before 1st July 1927, either to be repatriated during the 1927-28 trooping season, or to remain for a further period in India.

Such election, once made, may not be subsequently altered except for adequate reasons, the prior concurrence of the Officer-in-Charge, Royal Corps of Signals Records, being necessary to any such change.

I A. O. 283. Losses—Procedure to be followed in investigating the Liability for Financial Losses in the case of Officers who have left India.—To facilitate the early disposal of financial cases against officers, who have left India on retirement, on leave pending retirement, on privilege leave or furlough or, in the case of officers of the British Service, on transfer to the Home Establishment, and who are held to be responsible for deficiencies in public or regimental property, overpayment or loss of public or regimental funds, General Officers Commanding-in-Chief will, if they decide that a *prima facie* case exists for a penal deduction, invariably communicate direct with the Under Secretary of State, Military Department, India Office, London, in order to obtain from the officer concerned any representation that he may wish to make in the matter.

2. Time is a matter of considerable importance in cases of this nature, as it is difficult to enforce a stoppage years after the deficiencies have occurred. It is also unfair to an officer to bring forward a claim against him for a penal deduction when his recollection of the attendant

I. A. O. 285. Income-tax.—A memorandum on the subject of the recovery of income-tax in respect of advances of privilege leave allowances is published below.

A-40611/A.G.-13.

1. A considerable amount of mis-apprehension appears to exist with regard to the intention underlying the orders in Army Instruction (India) No. 453 of 1924, and the equity of the arrangement referred to therein, whereby, in certain circumstances, Indian income-tax is recoverable in respect of privilege leave advances.

2. The law and practice obtaining in India in the matter is as follows :—

(a) The question regarding the payment of Indian income-tax on advances of privilege leave allowances can only arise in cases where privilege leave is taken by itself. When privilege leave is combined with other leave (out of India) the individual concerned is taken on the books of the India Office, who arrange for the adjustment of any advance of privilege leave allowance which may have been drawn in India. In such cases privilege leave allowances are not subject to Indian income-tax; they may, however, become subject to British income-tax in certain circumstances.

(b) When privilege leave is taken by itself, privilege leave allowances may be drawn in advance; either in or out of India, at the option of the individual concerned. In accordance with the rules on the subject, adjustments of advances taken in these circumstances are carried out in the country in which they are drawn, and it follows that they are subject to the income-tax rules of the country in which they are adjusted. No income-tax is leviable at the time of payment of such advances; but tax is recoverable when subsequent adjustments in respect of advances are being carried out in this country; i.e., no allowance is admissible in respect of deductions from salary which are made in liquidation thereof.

(c) The drawing of privilege leave allowances in advance, in India, is a concession which is entirely at the option of the individual concerned. Officers and others who avail themselves of this concession, hereafter, will do so on the understanding that, where privilege leave is taken by itself, the India Office are not ordinarily prepared to arrange for the adjustment in England of advances taken in India. It follows, therefore, that Indian income-tax will be recoverable in respect of such advances, when they are subsequently liquidated in this country, under the proviso to Section 18 (2) of the Indian Income-tax Act, 1922.

Sports—Distribution of Sports Publications.

1 *Home publications.*—Some units are still sending their requirements for handbooks of various sports associations at home to Brigade and District Headquarters.

The publication "Rules for Games and Sports in the Army in India" is compiled from the handbooks of the home associations, and contains all the rules required, thus doing away with the necessity of keeping a handbook of each association; home publications are therefore no longer ordered in bulk, but sufficient copies are obtained to allow a free distribution down to Brigade Sports Committees.

Units should obtain their requirements direct from the publishers (The Navy, Army and Air Force Institutes, Imperial Court, Upper Kennington Lane, S. E.-11, London) notifying the publishers a month before the time of publication of each handbook to ensure that sufficient copies are available.

2nd May 1927.

The experience of many years shows that it is difficult to eradicate malaria from military stations without spending large sums of money. This is now recognized, and has led to a re-consideration of policy with a view to organizing preventive measures on a more definitely military basis. Approved policy consists of the following measures, in their order of importance :—

1. WITHDRAWAL OF TROOPS FROM MALARIAL STATIONS.

In the case of British troops the most effective—and least expensive—anti-malarial measure is to withdraw them from malarious stations during the period of maximum infection, *i.e.*, August, September and October in the Northern and Eastern Commands (arrangements being made to utilize hill accommodation for troops from non-malarious stations during the early part of the hot weather—May, June and July).

It is an essential part of this scheme which must be used to the fullest extent possible, that troops should not return to malarious stations until the infective period is over, *i.e.*, until about 1st November. Many infections occur during the last half of October in troops just returned from the hills: the benefit they have obtained is nullified, and instead of being available for training they are sick in Hospital.

If the troops are brought down too early infections also occur at the rest camps in the foot hills.

NOTE.—Cavalry and Artillery may be brought down early in October when this is absolutely necessary for training purposes.

2. FUMIGATION OF BARRACKS.

Recent work on malaria, considered along with the beneficial results of mosquito-proofing certain barracks in India, shows that a small number of infected mosquitoes may persist in a barrack-room for long periods and may infect large numbers of men. Effective fumigation in April-May and again in September is of great value and should be carried out as thoroughly as funds will permit.

It is recognized that fumigation is often attended with considerable difficulty, *e.g.*, in old high-roofed barracks with innumerable openings. The difficulties can be overcome by proper organization, and officers commanding units will afford every assistance in their power to ensure that all openings are closed before fumigation begins.

3. PROPAGANDA.

The Rockefeller cinematograph film on malaria is being circulated amongst malarious stations. The film shows in graphic manner the whole mechanism of infection. All officers, other ranks and families should be given an opportunity of seeing it.

Experiments have proved that individuals possessed of full knowledge of the method of transmission of malaria from man to man by the bites of mosquitoes can make such effective use of methods of personal protection as to remain entirely free from infection.

It is therefore of great importance that all ranks should be educated on this subject.

2nd May 1927.

4. PERSONAL PROTECTION.

The most important method of personal protection is the proper use of the mosquito-net during the months of malarial infection.

Mosquito-nets should be of the approved pattern, i.e., of 29|30 mesh made of 30s cotton and with round or hexagonal holes all of equal size and free from small hairs. If the mesh is too fine, ventilation is interfered with and this gives rise to complaint and failure to use the nets.

Commanding Officers will satisfy themselves that the mosquito-nets in use by their men are of the approved pattern of netting and will take steps to replace any that are found to be otherwise.

Mosquito-nets will be used by all ranks during the months of malarial infection, as determined by the A. D. M. S. of the District or Brigade. Care should be taken, by making full use of fans and punkahs, to ensure that there is movement of air inside the mosquito-nets.

P. C. oil should be used by men on guard, and by men who, owing to transport or other duties after sunset or before sunrise, cannot be protected otherwise.

5. ANTI-MOSQUITO MEASURES.

Mosquitoes go through their larval stage in water. Breeding is at its height during the rains, and it is this fact that determines the high prevalence after the monsoon. One infected mosquito may

Anti-mosquito measures aim at eradicating mosquito-breeding places by draining of the water or by killing the larvæ with oil, paris green, etc., and also at the destruction of adult mosquitoes by fumigation, trapping, swatting, etc.

Good lighting and ventilation are of value. Mosquitoes avoid light, and it is important to ensure that barrack-rooms and institutes are not kept too dark during the day and that they are kept well lighted up in the evenings. Mosquitoes also dislike movement of air, and the fullest use should be made of fans and punkahs to keep the air moving.

6 MOSQUITO-PROOFING OF BARRACKS.

This is an effective but expensive anti-malarial measure. In proportion as "cold storage" is effectively carried out, the necessity for mosquito-proofing barracks will be diminished.

I. A. O. 303. Passages.—Reference India Army Order No. 394 of 1926. After the 1st April passages for parties of 10 and under to Aden will be arranged by the District Commander in direct communication with the Embarkation Commandant, Karachi, in the case of Northern and Western Commands; and with the Embarkation Commandant, Bombay, for the remainder of India.

Passage applications for parties above 10 will be submitted to the Quartermaster General in India.

2nd May 1927.

I. A. O. 304. Customs Duty.—Several claims for refund of customs duty incorrectly levied on articles imported by units, such as medals, etc., for athletic meetings, have recently been submitted to Army Headquarters, when a direct reference to the Customs authorities would have secured the necessary relief.

All claims for refund in cases of wrong assessment of customs duty will be referred direct to the Collector of Customs concerned. Should it be necessary subsequently to refer any claims to Army Headquarters, such references must be accompanied by a copy of the communication from the Customs authorities refusing the relief sought.

16127-III|M.O.-1. (S. & M.).

I. A. O. 392. Organization—I. A.—As the role of a Training Battalion is primarily that of training recruits, its organization necessarily differs from that of an Active Battalion, and is not adapted to field work.

In the interests of efficiency and to avoid any dislocation in training programmes, such units will not be detailed for manœuvres or collective field training.

Officers Commanding Training Battalions will give their officers opportunities of attending tactical exercise without troops and acting as umpires, whenever possible without detriment to training in the battalion.

A.-43522|A.G.-2.

I. A. O. 393. Medical documents in respect of troops employed with the Shanghai Defence Force.—Medical history sheets for all troops on the Indian Establishment now serving in China with the Shanghai Defence Force will be de-patched direct by training battalions, depots, record offices, etc., to the units of that Force dependent upon them

A.-41550|A.G. 7.

9th June 1927.

I. A. O. 394. Telegrams—Reference India Army Orders Nos. 9 and 47 current. The indication "without priority" will be endorsed on foreign telegrams despatched from India on government business, if the subject matter is not of an urgent character.

The average difference in the time of transmission of telegrams bearing no special indication and those marked "without priority" is between one and two hours, and the maximum three hours.

A.-41276|A.G.-11.

I. A. O. 395. Furlough—British Soldiers.—Officers Commanding units will ensure that the provisions of Army Instruction (India) No. 38 of 1923 are strictly complied with in all cases where British soldiers are granted payment furlough to the United Kingdom expiring outside the trooping season.

A.-43424|A.G.-11.

I. A. O. 396. Ecclesiastical.—A request has been received from the Senior Jewish Chaplain to H. M. Forces, London, for nominal rolls of all Jewish Officers, non-commissioned officers and men serving in India.

Formations and units will supply these rolls, shewing rank, number name, unit and station, to him direct at the following address—

9th June 1927.

I. A. O. 398. Abolition of the Overseas Rest Camps at Deolali and Karachi and formation of the Emergency Rest Camps and Attached Sections.—Consequent on the introduction of the scheme for direct embarkation and disembarkation of all units and details proceeding to and from Overseas, sanction is being accorded to the following measures :—

- (a) Abolition of the Overseas Rest Camps at Deolali and Karachi, with effect from the 1st April.
- (b) Formation at Deolali and Karachi of Emergency Rest Camps.
- (c) Formation of Attached Sections at Bombay and Karachi, with effect from the 1st March.

2 The control of these Attached Sections and Emergency Rest Camps rests with the Quartermaster General in India. The Emergency Rest Camps will not be opened without authority from Army Headquarters.

3. (I) *Attached Sections.*

The Attached Sections will be capable of accommodating 25 family (Transport) berths and 75 Troop deck, and are intended solely for the following purposes :—

- (i) To afford accommodation to Troops and families who in error or by mischance have to be detained at the port.
- (ii) To afford accommodation for a small pool from which Army Headquarters can ensure the filling of last-moment vacancies whether in family berths or Troop deck.

The operation of this particular portion of the Attached Section is entirely in the hands of the Quartermaster General in India in respect of persons to be accommodated therein or withdrawn therefrom. Embarkation Commandants have authority to make despatches to or withdrawal from these Attached Sections, subject always to the maximum referred to above and subject to immediate report to the Quartermaster General in India.

(II) *Emergency Rest Camps.*

In the event of an emergency arising, such as a transport arriving in port and the troops thereon requiring to be segregated, or owing to a sudden breakdown of the railways the troops being unable to proceed up country, or other special circumstances, the Rest Camps will, under the orders of the Quartermaster General in India, be opened for the period of that emergency.

4. NOTICE.

A. S. C. B. (INDIA)—*Registration of Football Referees and Hockey Umpires*.

The following number of Referees and Umpires have been registered since the formation of the A. S. C. B. (India) Referees' and Umpires' Committee in 1925 :—

- | | |
|--|----|
| (a) By the A. S. C. B. (India) R. and U. Committee, on the formation of the Committee, and during Army Championships, etc. | 36 |
| (b) By Local Sports Committee | 67 |
| (c) Already qualified at home by the Army Football Association | 46 |

Of the 67 shown in (b) all except 13 have been registered by Committees in the Northern Command and at the Army School of Physical Training.

2. From the above it is evident that many Local Sports Committees have not yet formed Referees' and Umpires' Sub-Committees in accordance with Rule 3 (a), Appendix “A” of the A. S. C. B. Handbook (India), 1927.

3. The A. S. C. B. (India), therefore, wish to emphasize the necessity of forming such Sub-Committees so that units will become self-contained in the matter of refereeing and umpiring their own matches, especially when they find themselves in out-of-the-way stations.

4. As regards the examination of candidates :—

(a) *Theoretical*.—This will always be held first and does not require the presence of a qualified referee or umpire. The question papers only must be set by a qualified referee or umpire and may be sent by post.

(b) *Practical*.—In stations where no qualified officer referee or umpire is available as a member of the R. and U. Sub-Committee for the purpose of examining candidates, Local Sports Committees will arrange to supply one. The officer referee or umpire selected to attend these Local or Station Referees' and Umpires' Sub-Committee Meetings, is entitled to travelling allowances. [Authority A. I. (I.) No. 268 of 1922, as quoted in A. S. C. B. Handbook, India, 1927, Section II, Rule 28.]

17th June 1927.

on return to India, and the following instructions will be strictly complied with :—

- (a) Arrangements will be made by the controllers of military accounts, and officers commanding units concerned, for the last pay certificates of Indian officers, non-commissioned officers and men, who proceed overseas, to be sent to the Accountant Officer, Central Accounts Office, Royal Air Force, Poona, as soon as the unit embarks. These certificates are usually consolidated in the form of a skeleton pay bill showing the personnel paid up to and for the date preceding embarkation. An imprest for the pay required for the voyage period will be paid to the officer commanding the unit by the controller of military accounts concerned, who will recover the amount on India Army Form O-1706 from the Accountant Officer, Central Accounts Office, Royal Air Force, Poona.
- (b) The Central Accounts Office, Royal Air Force, Poona. will compile monthly pay bills and send a copy each month to the unit overseas so that the state of the men's accounts may be known to the paying officers. These copies of the pay bills will be verified on receipt and any queries (e.g., incorrect details as to numbers, names, rates of pay, etc.), referred at once to the Accountant Officer, Central Accounts Office, Royal Air Force, Poona.
- (c) Accounts will be kept on running ledger system in accordance with Army Instruction (India) No. 643 of 1922, i.e., balances will be carried forward from month to month so long as the men remain overseas, and will not be remitted to the officer commanding training battalion or depot, but retained for payment to the men on return from service overseas.
- (d) Indian ranks will be paid on acquittance rolls from the date of embarkation. Names will be entered in numerical sequence whenever possible. Separate rolls will be prepared for followers. All rolls will be prepared in duplicate. All payments will be recorded in Army Book-64 [see para. 2 (f)]. Funds for the purpose of payment will be supplied on imprest to be accounted for to the Command Accountant, Royal Air Force, Baghdad, to whom application will be made by officers commanding as to the correct accounting procedure to be followed and method of rendering of vouchers. [See para. 2 (a) regarding voyage period].
- (e) Copies of all Part II Orders will be sent to the Accountant Officer, Central Accounts Office, Royal Air Force, Poona, immediately after publication.
- (f) To ensure that all clothing charges due from individuals and all casualties affecting men's accounts are taken into account in regulating cash issues and that recovery is effected by the Accountant Officer, Central Accounts Office, Royal Air Force, Poona, in cases of men transferred to India for discharge, etc., the totals of such charges, and details of casualties, will be entered in *red ink* in Army Book-64 showing the month to which they relate.

17th June 1927.

- (g) A complete roll of ranks entitled to extra duty pay, detailing particulars of the appointments they hold, and the period, and rate, of extra duty pay, will be published in Part II Orders at the end of each month. This will obviate the issue of separate certificates and ensure that accounts are being credited correctly with extra duty pay admissible.

3. (a) Allotments of pay will be paid by the officer commanding training battalion or depot in India, under the rules contained in India Army Order No. 15 of 1919, payment orders being drawn in the name of the Accountant Officer Central Accounts Office, Royal Air Force, Poona. As the accounts of all men serving overseas will be compiled by that officer on the running account system, no allotment can be recovered unless the account of the individual on whose behalf the payment was made is held by him. Only the names of men who are actually serving overseas must therefore be included in allotment rolls. The cost of money order commission incurred under this paragraph will be refunded by the Accountant Officer, Central Accounts Office, Royal Air Force, Poona, on receipt of a contingent bill supported by the Post Office receipts.

(b) To avoid inconvenience, delay in settlement with the Post Office, and extra labour alike to the Postmaster, Central Accounts Office, Royal Air Force, Poona, and to the paying office, the allotment roll will be sent to the Accountant Officer, Central Accounts Office, Royal Air Force, Poona, for check at least ten days before it is desired to make payments. The roll will be checked and returned for payment without delay. This will ensure that all payments will be recoverable by the Accountant Officer, Central Accounts Office, Royal Air Force, Poona, and will avoid disallowances.

(c) Family remittances must not on any account be included in the ordinary allotment rolls and must not in any case be paid without reference to the Accountant Officer, Central Accounts Office, Royal Air Force, Poona, who will check the requisition and, provided the men's accounts are sufficiently in credit, will send a cheque or bank draft to the officer commanding training battalion or depot.

4. (a) Men on furlough in India from overseas will remain in the payment of the Central Accounts Office, Royal Air Force, Poona. (See India Army Order No. 427 of 1925).

(b) Men who proceed to India from Iraq to undergo courses will remain in the payment of the above mentioned officer provided that they are to return to Iraq on completion of such courses.

I. A. O. 416. Land concessions to Indian soldiers belonging to the Madras Presidency.—Madras Government order No. 763-Revenue, dated the 22nd April, regarding the grant of land concessions to Indian soldiers belonging to the Madras Presidency who rendered services during the Great War, is republished below.

I. S. B.-135.

GOVT. OF MADRAS, REVENUE DEPARTMENT.

G. O. No. 763-REVENUE, DATED THE 22ND APRIL 1927.

In G. O. No. 870-Revenue, dated 14th April 1921, the Government approved the proposal of the Board of Revenue that officers and men of the Indian Army who actually served in the Great War whether as combatants or non-combatants should be accorded, for a period of three years from the date of the order, preferential treatment when applying for the assignment of land under the ordinary rules regulating the assignment of land, and empowered the Collectors to authorize the assignment of lands to those persons in preference to other claimants. In G. O. No. 1576-Revenue, dated 10th October 1924, the Government extended the concessions for a further period of three years from 15th April 1924, but restricted them to officers and men of the Indian Army who were recruited before the Armistice to the combatant ranks of the Army. In G. O. Mis. Nos. 604, dated 27th April 1925 and 861-Revenue, dated 11th June 1925, the Government extended the scope of these concessions by empowering Collectors to waive the recovery of sub-division fees and of the value of the trees standing on the land up to a maximum of Rs. 500 in the case of assignments of land made under the orders in G. O. No. 1576-Revenue, dated 10th October 1924. In G. O. Mis No. 1557, dated 10th October 1925, the Government further ordered that they had no objection to the assignment of valuable land including tank bed land free to ex-soldiers under G. O. No. 1576-Revenue, dated 10th October 1924. The period, for which all these concessions have been sanctioned, has expired on 14th April 1927.

2. It has been represented to the Government that there are still many deserving officers and men of the Indian Army who served as combatants during the Great War and to whom land has not yet been assigned. The Government are therefore pleased to direct that in respect of all applications from such persons received on or before 30th June 1927 the applicants will be eligible for the concessions and will continue to be eligible for them after 30th June 1927 in respect of those applications if they are pending with the Revenue authorities on that date.

3. Although persons whose applications for land are presented for the first time after 30th June 1927 will not be entitled to the concessions mentioned in paragraph 2, the Government consider that combatant military service rendered in the Great War should be recognized permanently as a factor to be considered in dealing with applications for the

17th June 1927.

assignment of land and accordingly direct that those officers and men of the Indian Army who actually served as combatants in the Great War (i.e., for any period between 4th August 1914 to 11th November 1918 inclusive) should be treated as entitled to preferential consideration under the ordinary rules for the assignment of land, their claim being ranked in the order of preference given in the rules for assignment in Board's Standing Order No. 15 (10) after that of persons who have occupied the land under sivaajama and who have expended a material amount of labour or money in fitting the land for cultivation or improving it, these persons who hold pattas for the trees on the land and those who have been using the water of a well in the land for cultivation. The Board of Revenue is requested to submit, for the approval of the Government, suitable amendments to the Board's Standing Order.

4. These orders will be published in the *Fort St. George Gazette* and in the district gazettes in English and in the vernacular of the district. The Secretary, Madras Soldiers' Board, is requested to arrange in consultation with the General Officer Commanding the Indian Soldiers' Board, the District Soldiers' Boards and the Honorary Correspondents for giving the widest publicity to these orders.

[12th April 1927.]

WHEREAS the raising or keeping of a standing army within the United Kingdom in time of peace, unless it be with the consent of Parliament, is against law :

And whereas it is adjudged necessary by His Majesty and this present Parliament that a body of land forces should be continued for the safety of the United Kingdom and the defence of the possessions of His Majesty's Crown, and that the whole number of such forces should consist of one hundred and sixty-six thousand five hundred, including those to be employed at the depôts in the United Kingdom for the training of recruits for service at home and abroad, but exclusive of the numbers actually serving within His Majesty's Indian possessions :

And whereas under the Air Force (Constitution) Act, 1917, His Majesty is entitled to raise and maintain the air force, and it is judged necessary that the whole number of such force should consist of thirty-three

thousand, including those employed as aforesaid, but exclusive of the numbers serving as aforesaid, and the provisions of the Air Force Act are due to expire at the same dates as the provisions of the Army Act :

And whereas it is also judged necessary for the safety of the United Kingdom, and the defence of the possessions of this realm, that a body of Royal Marine forces should be employed in His Majesty's fleet and naval service, under the direction of the Lord High Admiral of the United Kingdom, or the Commissioners for executing the office of Lord High Admiral aforesaid :

And whereas the said marine forces may frequently be quartered or be on shore, or sent to do duty or be on board transport ships or vessels, merchant ships or vessels, or other ships or vessels, or they may be under other circumstances in which they will not be subject to the laws relating to the government of His Majesty's forces by sea :

And whereas no man can be forejudged of life or limb, or subjected in time of peace to any kind of punishment within this realm, by martial law, or in any other manner than by the judgment of his peers and according to the known and established laws of this realm ; yet, nevertheless, it being requisite, for the retaining all the before-mentioned forces, and other persons subject to military law or to the Air Force Act, in their duty, that an exact discipline be observed and that persons belonging to the said forces who mutiny or stir up sedition, or desert His Majesty's service, or are guilty of crimes and offences to the prejudice of good order and military or air force discipline, be brought to a more exemplary and speedy punishment than the usual forms of the law will allow :

And whereas the Army Act and the Air Force Act will expire in the year one thousand nine hundred and twenty-seven on the following days :—

(a) In Great Britain and Ireland, the Channel Islands, and the Isle of Man, on the thirtieth day of April ; and

(b) Elsewhere, whether within or without His Majesty's dominions, on the thirty-first day of July :

(3) A person subject to military law or to the Air Force Act shall not be exempted from the provisions of the Army Act or Air Force Act by reason only that the number of the forces for the time being in the service of His Majesty, exclusive of the marine forces, is either greater or less than the numbers hereinbefore mentioned.

Children between 1½ and 6 years of age ½ berth.
Children under 1½ years of age No berth

In the case of 2 children under 1½ years of age, belonging to one family, one will be given a ½ berth, and the other will be accommodated in a "Hanging cot".

Children of different families will not be berthed together.

20th June 1927.

Responsibility of submitting authority for title to passages.—The rules regarding the admissibility of conveyance by sea to individuals are contained in A. R. I., Volume X, and the submitting authority is responsible that each application for passage whether by public vessel, freight ship or packet, is covered by regulations. All I. A. Fs. T.-1727 will therefore be countersigned by the submitting authority.

3. *Notes for preparation of I. A. F. T.-1727.*—A separate I. A. F. T.-1727 (in duplicate) will be submitted for every applicant with details of family, if any, accompanying. The ages and sex of children at the time of submitting the application will be shown thereon. Individuals preparing I. A. Fs. T.-1727 will state in the column of remarks :—

- (a) Any reasons why passages cannot be accepted at any time during the season. Only reasons of a military nature in the interests of the service, will be accepted for postponement of passages. Purely private or personal reasons cannot be held to justify the deferment of passage until the end of the trooping season and should any applicants defer their passages for such reasons they are warned that, in the event of it not being possible to accommodate them on a transport before the close of the Trooping Season, they will be detained in India until the ensuing trooping season or forfeit their title to passage if they are retaining a lien on a passage under paragraph 8, A. R. I., Vol. X.
- (b) If ordered to United Kingdom or Colony to take up a specific appointment the date by which they should reach United Kingdom or Colony in accordance with posting orders.
- (c) In the case of officers proceeding on half pay or retirement, the date the officer is due to be placed on half pay or the retired list must be entered with the words "Half pay or retirement" as distinct from term "Tour expired".

Note—Attention is invited to India Army Order No. 186 of 1926 regarding officers proceeding to United Kingdom to attend an authorised course of instruction.

4. *Particulars regarding ages of Children.*—When submitting applications for passages, the ages of children, if any, will be quoted as from the date on which the application is made out by the original submitting authority.

This rule also applies to applications for Indulgence passages.

5. *Submission in advance of I. A. F. T.-1727 when transfer, etc. recommended to War Office but sanction still awaited.*—I. A. F. T.-1727 in duplicate will be submitted for all officers who have been recommended for transfer to the Home Establishment, or to proceed to the United Kingdom on duty, during the Trooping Season 1927-1928. The names of such officers will be registered for passages, which will be allotted on receipt of the necessary sanction for officers to proceed. These sanctions will, on receipt by Commands, be reported urgently to the Q. M. G. in India. Sanctions received after the 15th January 1928 must be telegraphed.

6. *Applications by telegram after 15th January.*—All demands for 1st Class passages after the 15th January 1928 will be telegraphed. Full details of families, if any, will be given in such reports which must be followed by the usual application forms.

20th June 1927.

7. *Passages for families when Head of Family moving in Non-Trooping season.*—Families of entitled first class passengers are not entitled to private steamer passages during the non-trooping season. It is essential, therefore, in the interests of officers who will be proceeding home after the trooping season, that applications for entitled passages for families be received at Army Headquarters early in the trooping season. Otherwise there is a very great risk of such families being shut out of transports, owing to the congestion which invariably occurs at the end of a trooping season, which entails the retention of such families in India till the next trooping season. Attention is invited to Army Instruction (India) 304 of 1926.

8. *Advance passages to Great Britain for the families of British service officers serving on the Indian Establishment once during an officer's tour.*—Passages are admissible in the following circumstances :—

- (1) When satisfactory evidence is forthcoming that the grant of passage is desirable on educational grounds, and
- (2) Where it is considered desirable that the family of an officer in the last year of his Indian tour should anticipate their passage home in order to avoid another hot season in India.

This sanction is subject to the following conditions :—

- (a) That no extra expense to Government is incurred, which will mean that advance passages may only be granted by transport, when accommodation is available.
- (b) That the officer furnishes a certificate to the effect that he foregoes all future claim against Government for those members of his family to whom advance passages are granted, when he himself proceeds overseas on the completion of his tour.

Advance passages may be claimed at any time during an officer's Indian tour under condition (1).

9. *Lien on Passages.*—An individual who holds a lien on his passage must submit I. A. F. T.-1727 well in advance of the expiration of his lien.

10. *Acknowledgments.*—All applications for 1st Class passages will, whenever allotment orders cannot be issued, at once, be acknowledged on the Form in Appendix I.

11. *Servants.*—None but European servants can be embarked on Transports except between India and Aden.

20th June 1927.

of the fact that such baggage is carried at the passenger's own risk unless insured by them, passengers are advised to effect the necessary insurances, the cost of which, however, will not be refunded by Government.

14. *Latest date for Submission of 2nd Class applications.*—No second Class applications, submitted after the 15th January 1928, will be considered in the absence of special reasons justifying late submission.

Demands for passages after the 15th January will, in the first place, be notified by telegram. The telegraphic report must include details of family; if any, giving ages and sex of children, also brief reasons for delay in submission.

15. *Estimates of Requirements—Troop Deck and Family Berths.*—A final estimate of Requirements on behalf of Troop Deck and family berths will be submitted so as to reach the Q. M. G. in India by the 1st February 1928. This estimate must include all summer leave cases. After the above date no further requests for passages will be considered in the absence of special reasons.

The initial estimates of bulk requirements (particularly in respect of family berths) by districts and independent brigades must be based on reliable figures so that congestion at the end of the season may be avoided and steps can be taken at the proper time to arrange for any excess requirements over available transport accommodation. The reasons for any great variation over the original estimate will be explained by the district or brigade concerned as it is considered that units are in a position to furnish fairly accurate estimates at the commencement of a trooping season.

16. *3rd Class Requirements, R. A. S. C.*—The Officer-in-Charge I. A. S. C. Records, when submitting bulk requirements for passages (I. A. F. T.-1713), will shew the stations in India from which passages are required. This is necessary to enable correct apportionment of allotments being made between Bombay and Karachi.

17. *Applications for Passages for Destitute Cases.*—The submission of last moment applications on behalf of destitute cases will be avoided. These requests during February and March can only be met at the expense of leave cases.

Destitute cases cannot be allotted passages by any other vessel than Hired Transport and will proceed to Ports under local arrangements to arrive the day prior to actual date of sailing. These cases will not be despatched on special troop trains.

18. *Allotment of Passages to Payment Furlough Men.*—When passages are allotted to payment furlough men, the unit concerned is responsible for the recovery of the passage money.

19. *Completion of Forms T.-1713 and T.-1713-A. showing numbers for despatch each month.*—Attention is drawn to para. 3 of India Army Order No. 497 of 1925. To enable this rule to be complied with to the fullest extent possible, India Army Forms T.-1713 and T.-1713-A, regarding the requirements for 3rd class accommodation, have been revised to show numbers of men due for despatch each month. Bulk allotments will, as far as possible, be regulated according to details furnished in the above forms, but the filling of transports takes precedence over all other rules and this may necessitate the despatch of a fair number of men before they should ordinarily sail.

20th June 1927.

Where, however, the numbers detailed to proceed well in advance of due date seem unduly high, details will be furnished urgently to the Q. M. G. in India who will, if possible, re-adjust allotments.

20. *Bulk allotments, 3rd class and submission of details for rail accommodation—I. A. F. T.-1713-A.*—(a) On receipt of bulk allotments from the Q. M. G. in India, Districts and Independent Brigades concerned will make detailed allotments direct to the units or departments concerned.

A copy of the allotments made to units, etc., will be forwarded to the Q. M. G. in India to enable preliminary rail orders being prepared pending receipt of T.-1713-A referred to in clause (d) below and all changes made subsequently will be repeated to the Q. M. G. in India.

(b) *Submission of Details for Rail Accommodation—I. A. F. T.-1713-A.*—28 days before the date of embarkation, the authorities concerned will submit to the Q. M. G. in India, on I. A. F. T.-1713-A. the actual final detail of allotments made. This will enable Milrail to make the necessary arrangements for collecting the details and for their despatch by rail to Ports as required. Copies of these detailed allotments will be submitted

to Embarkation Commandant, Bombay.
to Embarkation Commandant, Karachi.

Any amendments or corrections which it may be necessary to make after submission of these detailed allotments will be telegraphed to the Q. M. G. in India, repeating to Embarkation Commandant concerned.

If sufficient care is given to original allotments it should rarely be necessary—particularly on the first 2 flights of Transports—to carry out any corrections.

21. *Forming of Pools.*—A small pool will be maintained at the attached Sections Bombay and Karachi with which to fill last moment vacancies.

22. *Direct despatch to Ports.*—*First class passengers* will, unless required for duty or to travel on special troop trains, make their own arrangements to arrive at the Port by the time and date indicated in the passage allotment orders. Officers detailed for duty with troop trains will not be released from such duties without the permission of the Q. M. G. in India.

Accommodation will be provided on Troop specials, if required, for families of officers who have been detailed to proceed by such trains.

In the case of complete units proceeding to Ports for embarkation, all officers must accompany the unit in the special trains unless otherwise ordered by the Q. M. G. in India.

2nd Class.—Arrangements will be made during 1927-1928 season for as many cases as possible to proceed by Troop trains, and special orders will issue for individuals selected to travel by such trains. Those ordered to proceed independently to Ports will report to the Embarkation Commandant concerned one day prior to date of sailing and will embark the same day.

2nd class cases ordered to proceed independently who desire, at their own expense to defer embarkation till 10.00 hours on the morning of the day of sailing may do so on informing the Embarkation Commandant concerned seven clear days before sailing, but their heavy baggage must be delivered on the Quay side on the day prior to sailing.

20th June 1927.

3rd class and Troop deck passengers, except special indulgence and destitute cases, must travel by Troop trains unless otherwise ordered by the Q. M. G. in India.

Applications for individuals to proceed independently to Ports for private reasons will not be entertained.

In cases where the Q. M. G. in India considers it necessary to order 3rd class or Troop deck passengers to Ports independently, the journey will be so timed that the individuals arrive at the Port the day previous to sailing for embarkation the same day.

23. *Responsibility of Despatching Officers for supply of I. A. F. T.-1734.*—All individuals proceeding to Great Britain at the public expense, who may be entitled to free passages to their intended place of residence, must be supplied by the original despatching officer with the requisite authority on I. A. F. T.-1734.

In the case of 1st and 2nd class passengers a remark will be made in the I. A. F. T.-1727 if I. A. F. T.-1734 is admissible.

In the case of 3rd class passengers the responsibility for ensuring that such individuals are provided with the necessary authority will remain with the original despatching officer, and an entry will be made accordingly in the Embarkation Rolls, (A. F. B.-127 as modified for India).

Attention is drawn to India Army Order 975 of 1924 regarding the issue of I. A. F. T.-1734.

23-A. *Accommodation for families in U. K.*—War Office letter No. 118-General[410 (Q.M.G.-1), dated 11th April 1927, regarding precautionary arrangements necessary as regards accommodation for families of British units returning home from India is published as Appendix XI for the information and guidance of all concerned.

24. *Messing Charges for Sons over 16 years of age*—Messing charges are recoverable on account of sons over 16 years of age in all cases even when travelling as entitled passengers.

25. *Detailing of Staff for Transports*—Normally the Staff consists of O. C. Troops, Senior Medical Officer, Adjutant, Quartermaster, Baggage Officer, and Messing Officer. The latter Officer is responsible to the O. C. Troops on board for the supervision of the messing arrangements of the troops in accordance with the printed instructions to be placed on board each vessel by the Embarkation Commandant at the Port concerned.

These officers will, unless specially ordered by Q. M. G. in India to the contrary, report to the Embarkation Commandant not later than 10-00 hours on the date prior to sailing and will be required for duty from that hour onwards. If train timings necessitate their arriving at the Port over-night, they will be entitled to one day's daily allowance.

26. *Officers proceeding on Retirement or Half Pay List not available for Duty on Board.*—Should an officer who is due to be placed on the half pay list, or who is proceeding on retirement be detailed for duty, he will report the fact immediately to the Q. M. G. in India by telegram, repeating to the Embarkation Commandant concerned, giving the date of being placed on half pay, or retirement. In cases when time will not admit of the report reaching the Q. M. G. before the vessel is due to sail, the matter will be reported before embarkation by the Officer concerned to the Embarkation Commandant who will take the necessary

20th June 1927.

action for releasing such officers from duty. (Attention is invited to paragraph 879, Regulations for the Army in India).

27. *Draft Conducting Officers.*—The required number of conducting officers will be detailed by Q. M. G. in India as far as possible, from the entitled 1st class passengers proceeding by each transport. These officers will be actually detailed to drafts under the orders of the Q. M. G. in India. Officers once detailed as D. C. Os. will not be removed from this duty for private reasons. In cases where the requisite numbers of conducting officers are not forthcoming from the entitled passengers, a selection will be made by the Q. M. G. in India from the lists of applicants for Indulgence passages. Owing to shortage of accommodation, this selection will normally fall on individuals unaccompanied by families.

28. *Forming of Drafts.*—Drafts will be formed under orders issued by the Q. M. G. in India at the time rail orders are issued for each vessel. The officer detailed to accompany each draft will also be included in these orders. A pamphlet giving detailed instructions to be observed by Draft Conducting officers will be issued to all concerned.

29. *King's Regulations.*—Paragraphs 1131, 1147, 1148, 1150 to 1159 will be strictly complied with but wherever A. F. B.-155 occurs therein read I. A. F. M.-1240.

30. *Returns required on the Quayside.*—A. F. B.-141 with nominal rolls in quadruplicate (for complete units only).

For drafts and details—

A. F. B.-127 in sextuplicate ;

A. F. O.-1809-G in original ;

I. A. F. M.-1240 in original with attached nominal roll for parties over ten in number.

Note.—When families and/or parties are sent in advance of the main body of a draft or unit they must be in possession of separate documents as above and they should not be included in those accompanying the main body. The Medical certificate I. A. F. M.-1240 must be brought to the Port by such families or parties.

31. Clothing, Kit Bags, etc.

For disposal and adjustment of Indian scale of Clothing see A. I. (I.) No 1035 of 1925.

Officers Commanding Units are responsible that only articles therein authorised are taken to the Port of Embarkation, and that no unauthorised articles, *e.g.*, Tin Trunks, are enclosed in either the Kit Bag proper or the Sea Kit Bag.

Every man must have a Kit Bag proper and Sea Kit Bag.

All kit not required on the voyage must be packed in the Kit Bag.

Only kit required on the voyage will be packed in the Sea Kit Bag. Rooms must be left in this bag for the haversack and water bottle to be inserted before embarkation.

The Great Coat will be carried separately.

Attention is invited to paragraphs 11 and 12 of the Appendix to A. I. (I.) No 1035 of 1925 regarding provision and renewal of sea kit bags. Ordinary Kit Bags are not to be used for this purpose. There is no room to store them on the Troop Decks. The Sea kit bag must travel

20th June 1927.

in the carriages with the men. They will be carried on board by the men and stowed direct into the racks on the Mess Decks. The large Kit Bag will be loaded into brake van or baggage wagons and will be handled at the Port of embarkation by the Embarkation Staff.

32. *Labels*—Plain labels will be provided by passengers themselves and should be addressed thus :—

and one should be affixed to each end of all classes of baggage.

Official labels will also be despatched by Army Headquarters to First and Second class passengers direct when passage is allotted and to Third class passengers through District or Independent Brigade Headquarters on receipt of final distribution of bulk allotments.

33. *Issue of stockings to families or allowance in lieu*.—Officers Commanding Units will arrange that stockings are issued or that an allowance in lieu under paragraph 10 of the Appendix to A. I. 27. *Draft Conducting Officers*.—The required number of conducting officers will be detailed by Q. M. G. in India as far as possible, from the entitled 1st class passengers proceeding by each transport. These officers will be actually detailed to drafts under the orders of the Q. M. G. in India. Officers once detailed as D. C. Os. will not be removed from this duty for private reasons. In cases where the requisite numbers of conducting officers are not forthcoming from the entitled passengers, a selection will be made by the Q. M. G. in India from the lists of applicants for Indulgence passages. Owing to shortage of accommodation, this selection will normally fall on individuals unaccompanied by families.

28. *Forming of Drafts*.—Drafts will be formed under orders issued by the Q. M. G. in India at the time rail orders are issued for each vessel. The officer detailed to accompany each draft will also be included in these orders. 29. *King's Regulations*.—Paragraphs 1131, 1147, 1148, 1150 to 1159 will be strictly complied with but wherever A. F. B.-155 occurs therein read I. A. F. M.-1240.

Note.—When families and/or parties are sent in advance of the main body of a draft or unit they must be in possession of separate documents as above and they should not be included in those accompanying the main body. The Medical certificate I. A. F. M.-1240 must be brought to the Port by such families or parties.

31. Clothing, Kit Bags, etc.

For disposal and adjustment of Indian scale of Clothing see A. I. (I.) No. 1035 of 1925.

The Great Coat will be carried separately.

Attention is invited to paragraphs 11 and 12 of the Appendix to A. I. (I.) No. 1035 of 1925 regarding provision and renewal of sea kit bags. Ordinary Kit Bags are not to be used for this purpose. There is no room to stow them on the Troop Decks. The Sea kit bag must travel

in the carriages with the men. They will be carried on board by the men and stowed direct into the racks on the Mess Decks. The large Kit Bag will be loaded into brake van or baggage wagons and will be handled at the Port of embarkation by the Embarkation Staff.

32. *Labels*.—Plain labels will be provided by passengers themselves and should be addressed thus :—

and one should be affixed to each end of all classes of baggage.

Official labels will also be despatched by Army Headquarters to First and Second class passengers direct when passage is allotted and to Third class passengers through District or Independent Brigade Headquarters on receipt of final distribution of bulk allotments.

33. *Issue of stockings to families or allowance in lieu*.—Officers Commanding Units will arrange that stockings are issued or that an allowance in lieu under paragraph 10 of the Appendix to A. I. (I.) No. 1035 of 1925 when an issue in kind is not available is paid to all families proceeding for embarkation, and that they are in possession of :—

1 *Procedure for passage applications on behalf of parties and individuals proceeding to ports within Indian limits, Basrah and the Far East*.—Applications for passages on behalf of parties of 10 and under, moving between—

Bombay and Karachi,

Bombay (and Karachi) and Persian Gulf Ports and Basrah,

Bombay (and Karachi) and Aden,

Bombay (and Karachi) and Konkon Ports,

will be submitted by Districts, Independent Brigade or Command Headquarters, Officers Commanding Schools of Instruction, and Recruiting Officers concerned, direct to the Embarkation Commandant, Karachi, in the case of the Northern and Western Command, and to the Embarkation Commandant, Bombay, for the remainder of India.

20th June 1927.

Note I.—In submitting applications for passages for personnel proceeding on Consular Service at Kerman, etc., the name of the place to where they are proceeding only will be mentioned in the requisition form (I. A. F. T.-1727). The Embarkation Commandant concerned will then arrange for the passages to the nearest port.

Note II.—All applications for passages to ports mentioned in paragraph 1 above, for personnel of the Military Accounts Department will be submitted on I. A. F. T.-1727 by the Controller of Military Accounts concerned direct to the Embarkation Commandant, Karachi, in the case of the Northern and Western Commands and to the Embarkation Commandant, Bombay, for the remainder of India.

Note III.—Applications for passages on behalf of parties of 10 and under moving between India and Burma will be submitted by Districts, etc., to the Embarkation Commandant, Hastings, Calcutta, with the exception of individuals and parties from units in Southern India whose stations are nearer to Madras than Calcutta, passages for whom will be arranged by the Station Staff Officer, Madras.

2. Applications for passages on behalf of parties over 10 in number, also all applications for passages to the Far East, will be submitted by Districts, etc., direct to the Q. M. G. in India, copy to the Embarkation Commandant concerned.

3. Owing to lack of accommodation in Calcutta, families of British Other Ranks will not be despatched *via* Calcutta, *en route* to or from Burma, without the acquiescence of the Embarkation Commandant, Calcutta.

On receipt of an application for the despatch of families, the Embarkation Commandant, Calcutta, will intimate, in the case of arrivals from Burma, the steamer by which the party should arrive; and for despatches to Burma, the train timings for arrival at Calcutta which will ensure direct transshipment, and sailing the same day.

4. Owing to lack of accommodation in Calcutta, parties of Indian Troops which exceed 50 must not be despatched *via* Calcutta from either India or Burma without reference to the Q. M. G. in India. Parties from India in excess of 50 will, whenever possible, be railed to Calcutta under orders of "Milrail" for direct embarkation. Such arrangements will only be made after consultation with the Embarkation Commandant, Calcutta.

5. In the case of officers travelling between India and Burma on duty, the paragraph in A. R. I., Volume X, under which passage is admissible will be quoted on the passage application (I. A. F. T.-1727) and the nature of the duty will be briefly stated, *e.g.*, Transfer to———, Tour, Joining Staff appointment of———, or Proceeding on special duty under orders of———. In the event of telegraphic application for such passages, the nature of the duty will also be briefly stated.

6. *Provision of passages by Transports or Freight Ships for parties and individuals ordered to proceed to Basrah, Aden and the Far East.*—During the Transport Season individuals and drafts for Basrah, Aden and the Far East—1st, 2nd and 3rd class will, whenever possible, be accommodated on Transports or Freight Ships which may be scheduled to sail to these ports. All concerned will therefore submit details so as to reach Embarkation Commandant, repeating to the Q. M. G. in India, if possible, at least two months before such individuals or drafts are due to sail.

7. The approval of the Adjutant General in India is necessary in all cases of draft reinforcements required for Indian Cavalry, Infantry, Pioneers, and Sapper and Miner Units, and units of the Indian Signal Corps serving

20th June 1927.

SECTION II.—INDULGENCE PASSAGES.

1. *Eligibility for indulgence passages.*—Indulgence passages are admissible under the provisions of King's Regulations, para. 1219.

In accordance therewith applicants for first class indulgence passages are warned that they are liable to be landed at intermediate ports if their berths are required for individuals entitled to proceed at the public expense. This liability will fall in order of seniority, but the passenger whose berth is required may, at the discretion of the G. O. C. at the intermediate port, be allowed, instead of landing, to pay the cost of the packet passage involved.

2. *Warning to be signed by 1st class indulgence passengers.*—Embarkation Commandants will arrange for a copy of the above condition (on the form in Appx. III) to be signed in duplicate by all 1st class indulgence passengers before embarkation.

The original certificate will be handed over to the O. C. Troops, who will use it as his authority to disembark individuals at an intermediate port, if necessary.

Embarkation Commandants will furnish the O. C. Troops on board with a priority roll of indulgence passengers actually embarked on each vessel, with instructions that in the event of accommodation being required at intermediate ports, the officer or family shown at the bottom of the list should be disembarked first.

3. *Procedure for submission of applications.*—The procedure with regard to applications for, and allotments of, indulgence passages, during the Trooping Season 1927-1928 will be as follows :—

- (i) *Indulgence passage forms and acknowledgments.*—A specimen copy of the special form which has been introduced for indulgence passages will be found at Appendix II. Attention is directed to the instructions printed on the reverse of the form.

A specimen form for acknowledging applications will also be found at Appendix IV.

- (ii) *Channel of* prepared and submitted in General in India through th Station to which the individual belongs.

Those of individuals not attached to any Unit or Department will be submitted through the Officer Commanding the Station, or Brigade Headquarters concerned.

- (iii) *Date of submission.*—Applications will normally reach the Quartermaster General in India, by the 25th August.

- (iv) *Certificate to accompany applications.*—In the case of officers of the Royal Engineers, Indian Corps of Signals and Indian Pack Artillery, who are applicants for indulgence passages, a certificate will accompany their applications stating that they are not entitled to passage concessions under A. I. (I.) No. 5-S. of 1925.

20th June 1927.

Applications submitted after the 31st January 1928 will not be registered unless special reasons can be furnished in support of such requests. In such cases applications will be submitted through District and Command Headquarters.

4. *Eligibility of applicants and priority rolls.*—Eligibility of applicants will be checked, and combined priority rolls, determined strictly in accordance with the categories laid down in Appendix X, A. R. I., Vol. X, will be prepared at Army Headquarters. These combined priority rolls will then be forwarded to Embarkation Commandants and Command Headquarters concerned. Embarkation Commandants will allot vacancies to those in the higher categories.

Under existing arrangements sailing lists for each Transport are, as far as entitled passengers are concerned, closed at Army Headquarters and despatched so as to reach the Embarkation Commandant concerned, at least 14 days prior to the sailing of the particular Transport. Indulgence rolls will therefore be closed down on the same day as entitled rolls, and amendments bringing indulgence priority rolls up to date will be forwarded to the Embarkation Commandant at the same time as the entitled rolls.

No additions or alterations will be made to the indulgence priority rolls between the date of despatch of the final amendments and the date of sailing of the particular transport. Any applications received within 15 days of Transport sailing will therefore only be carried forward on to the lists for the next Transport.

5. *Allotments between ports to commands.*—Accommodation which may become available on Transports sailing from Karachi will be reserved for applicants from Army Headquarters, Northern Command and Western Command areas: accommodation on Transports from Bombay will be reserved for those in the other Commands, Burma District and Aden.

6. *Passages for nurses accompanying families granted 1st class indulgence passages.*—Owing to the scarcity of 2nd class accommodation on transports nurses, as such, cannot be given 2nd class indulgence passages or passages on payment to accompany families who are travelling as 1st class indulgence passengers.

7. *Reserve of 5 berths on each transport for last moment entitled cases.*—The last 5 indulgence allotments made to any particular vessel will, until 15 days of date of sailing, be considered as provisional in case this accommodation is required urgently for entitled applicants. The Embarkation Commandant will ensure that applicants for indulgence passages allotted to fill this accommodation are informed that allotments must be considered as provisional till expiry of the time limits given above.

8. *Notification of allotment.*—In the case of allotments to individuals in military employ, the notification of such allotments with details of messing charges, etc., will be sent by the Embarkation Commandant concerned direct to the Officer Commanding the Unit or other formation to which the individual concerned belongs. This notification of allotment will not be repeated by the Embarkation Commandant to other superior formations and will be repeated to the individual himself only if it should be known in the office of the Embarkation Commandant that the individual is absent from his unit, i.e., on leave or on a course of instruction, etc. The Officer forwarding the application for indulgence passage will be responsible for immediately reporting direct to the Embarkation Commandant concerned, repeating to the Q. M. G. in India any change of rank and of address of the unit or of the individual.

20th June 1927.

In the case of allotments to persons not in military employ, notification will be sent by the Embarkation Commandant, direct to the individual concerned. It is the duty of such individuals to keep the Embarkation Commandant concerned informed of their movements. Copies of reports of such changes should also be forwarded to the Q. M. G. in India.

9. *Notifications of sailings.*—Immediately on the sailing of each transport, the Embarkation Commandant will post a list to each District or Independent Brigade Area, copy to Q. M. G. in India concerned showing :—

- (i) Names of 1st, 2nd and 3rd class indulgence passengers who have proceeded by that transport. Details of families will be shewn.
- (ii) Names of 1st, 2nd or 3rd class applicants for indulgence passages who were offered, but did not accept, passages by that transport. Copies of such lists will be sent to the Command concerned.

10. *Removal of names from registers.*—The Q. M. G. in India will decide what action is to be taken in cases falling under 9 (ii) above but, pending the receipt of instructions, the Embarkation Commandant will remove from the priority lists kept by him names of all persons who refuse indulgence allotments.

11. *Filling of last moment berths.*—In the event of berths falling vacant at the last moment before the sailing of a transport, the Embarkation Commandant may, in order to avoid the vessel sailing with empty berths, allot any such berths to any registered applicants for indulgence passages, who are present at the port of embarkation, irrespective of their position on the priority rolls. This procedure will only be adopted when there is not sufficient time to offer the accommodation to the applicant, whose name stands first on the priority rolls for allotment of passages.

12. *Proceeding to port of embarkation on chances of passages falling vacant.*—Applicants for indulgence passages must not be encouraged to proceed to ports of embarkation in the hope that owing to berths falling vacant at the last moment they may receive an allotment of passage out of their turn.

By doing so, it is true that they may obtain a passage, but it is more likely that they will not, and the heavy extra expense incurred while detained in places like Bombay, gives rise to discontent and complaints for which there is no remedy.

13. *Selection of officers for duty on board transports.*—Additional officers may be required for draft conducting purposes on board transports proceeding to Great Britain.

The requisite number of officers will be selected by the Q. M. G. in India from the list of applicants for indulgence passages. In selecting names, the order of priority in which the names of those eligible appear on these lists will be strictly adhered to, subject to the restriction that, owing to lack of available accommodation, the selection will normally fall on officers who are not accompanied by families.

14. *Officers proceeding on half pay or retirement not to be selected for duty.*—Only officers eligible under the regulations will be selected. Under no circumstances can officers proceeding on half pay, or retirement, be detailed for duty. (Attention is invited to para. 579, Regulations for the Army in India.)

20th June 1927.

15. The practice of formations or individuals making enquiries from Army Headquarters, either by official or demi-official correspondence, regarding the positions on the Priority Rolls of applicants, or the likelihood of vacancies on certain transports, gives rise to extra clerical labour and must cease. Such enquiries will not be attended to.

Any complaints as to positions on or omissions from the Priority Rolls will be brought to the notice of Army Headquarters by the Command concerned.

In cases of urgency where the possibility of injustice arises communications may be made by telegram

SIR,

I am commanded by the Army Council to refer to War Office letter No. 120[General]9609 (Q. M. G.-1), dated 1st October 1925, on the subject of warning Married Quarters Roll Personnel returning home, that owing to the shortage both of married quarters and of lodgings at many stations they should make precautionary arrangements for sending their families to their relations, in order to avoid difficulties and discomfort at the port of disembarkation.

I am to say that cases have occurred subsequent to that letter, of families landing in this country not only confident of obtaining quarters, but in some cases with the actual assurance from the Overseas Command that quarters would be available. In these circumstances the Council

20th June 1927.

consider it advisable to repeat their request that publicity should be given in Command Orders to the following considerations and to suggest that it would be advisable, especially before each trooping season to repeat the warning and to ensure that it reaches all ranks :—

- (i) Non-Commissioned Officers and men returning to the United Kingdom for discharge or transfer to the Reserve should realise that the housing shortage is still so acute that lodgings are not easy to obtain. They are therefore advised to make timely arrangements for their accommodation on landing.
- (ii) Non-Commissioned Officers and men returning on posting to the Home Establishment, to attend Courses of Instruction, or for any other reason involving continuance in the service in this country, must be warned that it is by no means certain that quarters will be available and, since lodgings are difficult to obtain, it is most advisable that alternative arrangements should be made in good time for the accommodation of their families either with relations or at any other selected place of residence. In this connection attention is drawn to Army Council Instruction 377 of 1924.
- (iii) No soldier serving overseas is entitled to public quarters in the United Kingdom for his family. Soldiers whose families are returning unaccompanied should therefore be warned to make early arrangements for the accommodation of their families at their selected places of residence.

If, in any individual case, it is considered very desirable that public accommodation should be provided for the family on arrival at home, an application, giving the reasons for which such special treatment is recommended should be submitted to the War Office as soon as the requirement can be foreseen. Every effort will then be made to find suitable quarters, but no guarantee can be given that they will be forthcoming.

Notification of any such requirement for an unaccompanied family must reach the War Office at least a fortnight, if possible longer, before the arrival of the family in the United Kingdom.

I am,

SIR,

Your obedient servant,

(Sd.) A. E. WIDDOWS.

PART II—INVALIDING—BRITISH PERSONNEL

India Army Order No. 538 of 1926 is cancelled.

Where the provisions of this India Army Order are at variance with Regulations for the Medical Services of the Army in India, the Regulations will be amended.

A copy of this order will be placed before all Medical Boards on proposed invalids.

1. Three regular Invaliding Medical Boards will be held not later than 15th August, 15th October and 15th December respectively. In Burma they will be held not later than 1st August, 1st October and 1st December.

20th June 1927.

Emergency Boards will be held as required, but ordinarily all cases of invaliding should have been foreseen and their documents should have reached Army Headquarters by 10th February, on which date final berthing arrangements for remaining transports are normally made.

When any patient is invalided by a medical board held after 1st February, the finding will be reported by wire to the D. M. S. by the president of the Board, giving full particulars as in para 5 below. The documents of such cases will be forwarded *immediately* through the usual channels so as to reach Army Headquarters within 10 days of holding the board.

All cases for discharge from the Service as medically unfit will, as far as possible, be brought before the first Board.

NOTE.—To avoid congestion at the end of the trooping season it is essential to bring before a medical board as many proposed invalids as possible in August and October. Any attempt to take account of climatic conditions with regard to the type of cases and the season of the year in England has been found to be valueless, the advantages being outweighed by the disadvantages. Officers will, therefore, clearly understand that, though a given case might preferably arrive in England in the Spring, the individual must give place to the general welfare. Keeping the bulk of the cases until the December board defeats its own object, causes congestion and hardship at the end of the trooping season, and may lead to the invalids having to remain in India for a hot weather until the next trooping season begins.

There is always congestion with regard to women and children at the end of the trooping season. Whenever practicable, therefore, invalid women will be brought before the early Boards to avoid subjecting them to the discomforts which must occur in crowded ships. This also applies to invalid married men.

Regulations regarding Invaliding.

2. To avoid unnecessary correspondence and delay, attention is directed to the regulations and instructions, noted below,* especially to paras. 273 to 280 of Regulations for the Medical Services of the Army in India, for the guidance of members of Medical Boards in *deciding whether to invalid a case or not.*

Passages during non-trooping season and on mail steamers.

Attention is directed to A. R. I., Vol X, paras. 12, 71 and 72 and A. I. (I.) 921 of 1921. Mail steamers are privately owned and the Q. M. G. in India is in much the same position with regard to obtaining passages as a shipping agent and cannot order the companies either to allot accommodation or to allot accommodation on a definite date; and owing to the

particular difficulty in securing passages by private steamers between February and April, there is danger of late applicants having to wait till June.

Further, private steamers are in many cases less suitable for carrying invalids than troopships are. This specially applies to cases requiring attendance, special treatment, etc., and will be taken into consideration by Medical Boards before recommending passages in private vessels.

There is great difficulty in arranging for private steamer passages for mental and for infectious (especially tubercular) cases, owing to the disinclination of shipping companies to accept such patients as passengers, and as regards the provision of suitable accommodation and attendants. These patients therefore will whenever possible travel by transport, and to this end the earliest possible decision on this class of case must be arrived at.

Classification of Invalids.

3. Invalids will be classified by Medical Boards as either :—

“ A ”—requiring hospital accommodation, or

“ B ”—not requiring hospital accommodation.

The words class “ A ” or class “ B ” will in all cases be entered in large red letters on the upper right hand corner of the front page of the Board proceedings.

N.B.—All mental cases and cases of pulmonary tuberculosis will be classified as class “ A ” invalids

Class “ A ” invalids will invariably be despatched as sick transfers from hospital

Class “ B ” invalids will not be re-admitted for the purpose of transfer, but will be “ detained ” in hospital for one night prior to departure, and will be despatched as transfers from barrack treatment. O. C. hospitals will be responsible that arrangements are made for the proper and efficient supervision of all invalids *en route* for embarkation.

Class “ A ” invalids will be provided with lying down accommodation by rail and cot accommodation on board ship.

This original classification is not necessarily final, as the condition of a patient may materially alter after his Board has been held, in which case re-classification from “ A ” to “ B ”, or *vice versa*, will be made by the O. C. hospital concerned, a notification being sent immediately to the D. M. S. in India by telegram.

NOTE.—Medical Boards may be inclined to think that by labelling a patient as class “ A ” they are doing a kindness : this is by no means necessarily the case, and may have the opposite effect. Accommodation for class “ A ” invalids is always limited, that for class “ B ” invalids is, as a rule, ample ; therefore an excess of class “ A ” invalids may mean that the invalids so classified (or other more urgent cases) have to be kept back.

Class “ B ” invalids on board ship are required to fetch their own hammocks, sling them to the deck above, get into and out of them, and put them away in the morning : men with disabilities of arm or leg which disable them from doing so will, therefore, be classified as “ A ”.

20th June 1927.

Applications for passages.

4. Immediately after the conclusion of a Medical Board, the O. C. British Military Hospital will forward I. A. F. (Medical)-6 (Appendix I) in triplicate to the A. D. M. S. for transmission to the D. D. M. S. of the Command, accompanied by two copies of the proceedings of the Medical Board for each case.

In the case of mental invalids, Appendix I will be made out in *red ink* (all entries), and *four* copies will be sent to the A. D. M. S.

When an officer of the Royal Army Medical Corps, Army Dental Corps, Indian Medical Service, a member of the Military Nursing Services or Indian Medical Department is invalided by a Medical Board, an additional copy of the Medical Board proceedings will be forwarded.

In the case of an officer of the R. A. M. C. or A. D. C., another copy of the proceedings of the Medical Board will be forwarded by the O. C. hospital *direct* to the D. G. A. M. S., War Office, London, after the finding of the Board has been approved.

Particulars concerning family to accompany the invalid must be inserted. *vide* para. 5 (b) below.

The D. D. M. S. of the Command, or A. D. M. S., Burma District or Aden Brigade, will strike out from all copies of Appendix I the names of those not approved by him and will forward them to the D. M. S. in India, together with one copy (or more as above) of the Medical Board proceedings of those cases only which he has approved for invaliding.

The second copy (or more as above) of the Board proceedings will be returned by the D. D. M. S. to the A. D. M. S. for transmission to the O. C. hospital.

5. Applications by telegram (*vide* Appendix III, examples 1 and 2) to arrange passages for invalids are at all times unsatisfactory: when, however, such applications are made for special reasons, as *e.g.*, when immediate despatch is necessary for the preservation of life, or as required in para. 1, above, *they will be addressed to the D. M. S. in India.* The following information must be given:—

(a) For persons invalided—

- (1) Rank, name, unit, sex, age. (In case of a member of a family, the rank of head of family is required, and relationship.)
- (2) Disease or disability. (In case of infectious or contagious disease, state whether infective or not.)
- (3) Whether class "A" or "B".
- (4) Whether special attendants are required on the voyage and, if so, their numbers.
- (5) Authority under which movement will be made.
- (6) Date invaliding documents were posted to D. M. S.

(b) For persons accompanying invalid—

- (1) Relationship.
- (2) Sex and age in case of children.

20th June 1927.

- (3) Whether passage required for children's European nurse.
(Admissible only when child under 10 years is travelling.)

Appendix I and the proceedings of the Medical Board will be forwarded at the same time through the usual channels.

NOTE.—When a letter or telegram regarding invalids is addressed to any other branch of Army Headquarters, a copy will also be sent to the D. M. S. in India.

Passage Allotment.

6. The allotment of invalids to troop-ships will be made by the Q. M. G. in India direct to the District Headquarters concerned. The orders issued regarding times of arrival at the port of embarkation must be strictly adhered to, as non-adherence causes much inconvenience and hardship.

7. *Officers and Warrant Officers and their families.*—The above rules in connection with applications for, and allotment of, passages will apply equally in the case of invalids entitled to 1st and 2nd class accommodation, whether by transport or private steamer.

In their case, however, Appendix I will be accompanied by I.A.F. T.-1727 (Form of application for Entitled Sea Passages) in duplicate, except in the case of Indian Service officers, in respect of whom the procedure outlined in A. I. (I.) No. 5-S. of 1925, Appendix II, para. 9 (a) will be followed. (See also Appendix III, Example 3)

In the case, however, of Indian Service officers who are being invalided as a result of field service I.A.F. T.-1727 in duplicate will accompany Appendix I.

Documents of Invalids.

8. After accommodation has been allotted by the Q. M. G. in India, the Medical Board Proceedings and connected documents, and one copy of Appendix I will be sent by the D. M. S. in India to the Embarkation Commandant concerned. One copy of Appendix I will be returned by the D. M. S. to the A. D. M. S. concerned for information and retention.

(a) *Medical Documents.*—Medical Board Proceedings (A.F.B.-179, A.F.A.-2, and I.A.F.M.-1243) and connected papers will be disposed of as follows:—

When an invalid travels by transport, the documents will be handed over by the Embarkation Commandant to the S. M. O. on board, who will in turn hand them to the officer superintending disembarkation in the United Kingdom.

NOTE.—In the case of invalids for admission to hospital in the United Kingdom the officer superintending disembarkation will re-address the documents to the hospital to which the invalid is sent; in other cases he will dispose of them as shewn below:—

Invalids travelling by private steamer.—In such cases an extract of the case only will be handed by the D. A. D. M. S. Embarkation to the ship's surgeon. If the invalid is proceeding to the United Kingdom, the documents will be despatched by the Embarkation Commandant by post to the authority concerned in the United Kingdom, *vide* sub-paragraphs (i), (ii), (iii), and (iv) above. If, however, the invalid is proceeding to a Dominion or Colony, the documents will be sent to the Minister of Defence of the Dominion or Colony concerned; the patient being handed a copy of the forwarding memo. only, to enable him to inform any subsequent Board as to their disposal.

The only exceptions to this rule are cases of mental disability, in respect of whom a duplicate copy of all the medical documents will be sent with the patient from his station of departure and handed to the ship's surgeon or medical officer in charge of the patient as confidential documents by the D. A. D. M. S. Embarkation, who will obtain his receipt and instruct him to hand them to the officer who receives the patient at the port of disembarkation.

The documents referred to in Regulations for the Medical Services of the Army in India, paras. 255 (c) and 288 (iii) will accompany every case sent to a hospital for mental diseases and also, in a sealed cover, the regimental documents referred to in para. 8 (b) below.

The medical documents of invalids who die in India, and of those who elect to take their discharge in India, will be disposed of as indicated above by the Embarkation Commandant, if the documents have already

been received by him; otherwise they will be sent by the A. D. M. S. District or Independent Brigade to the appropriate destination, vide sub-paras. (i), (ii), (iii), and (iv), above.

Medical Board proceedings and connected papers which may be received by the Embarkation Commandant after the invalids to whom they refer have sailed, will be forwarded by him to the Embarkation Commandant, Southampton, for disposal as above.

All other medical documents (medical history sheets, transfer certificates, etc.), must invariably accompany the invalid travelling for the information of the medical officers through whose hands the invalid passes and to ensure continuity of treatment; for this purpose notes will be made on the reverse of the transfer certificate. The documents will be enclosed in a sealed cover, endorsed with the contents and with the number, rank, name and unit of each individual concerned.

In the case of invalids travelling by private steamer, the Embarkation Commandant will transmit these documents by the current mail direct to the War Office, India Office or Air Ministry as the case may be, the ship's surgeon being provided with a statement as above to enable any necessary treatment to be continued.

(b) *Regimental Documents*.—Before invalids leave their stations, units will prepare the documents called for in Annexure "A" to Part III of this Order, and forward them, together with all other regimental documents, to the O. C. British Military Hospital, in the manner laid down in Annexure "D" to Part III of this Order.

The O. C., B. M. H., will pass these documents on, together with the medical documents, in the same manner to the Draft Conducting Officer concerned, who on arrival at the port of embarkation, will pass the documents, after check by the embarkation staff, to the S. M. O. in charge of the ship, or to a medical officer deputed by the S. M. O. for this purpose.

The D. A. D. M. S. Embarkation will take necessary steps to have any missing documents forwarded to England (or other destination) by mail.

The S. M. O. in charge of the ship will in turn deliver the documents to the medical authorities of the hospital to which the man may proceed in England.

When the invalid proceeds by private steamer these documents will be sent by the Embarkation Commandant in a registered cover by the current mail to the War Office, India Office or Air Ministry as the case may be.

ACCOMMODATION PRIOR TO EMBARKATION.

At Bombay.

9. Class "A" invalids will be accommodated at the B. M. H., Colaba, (or Deolali in the case of mental patients), pending embarkation.

At Karachi.

10. Invalids for embarkation at Karachi will arrive at Karachi on the day prior to embarkation. This is necessitated by the inconvenient times of arrival of trains. Arrangements for their reception at the Cantonment Railway Station and for their accommodation will be made by the Embarkation Commandant, Karachi.

Class "A" invalids arriving at Karachi for onward despatch to Bombay or for despatch to the United Kingdom will be accommodated at the B. M. H., Karachi; all others, including families accompanying invalids, at the Attached Section.

20th June 1927.

11. Before Class "A" invalids are despatched to the B. M. H. at Colaba, Deolali or Karachi, the following information will be sent to the O. C. hospital by post or, where time does not permit, by telegram :—

- (1) Name.
- (2) Disability.
- (3) Lying or sitting.
- (4) Time and date of arrival.
- (5) Name of railway station at which patient is to arrive.
- (6) If accompanied by attendant or not.

Casualties.

12. All casualties affecting passages allotted or applied for will be reported immediately by wire to the Q. M. G. in India, repeated to the D. M. S. in India.

Alteration of allotment.

13. Alteration of allotment, other than by the Q. M. G. in India, is prohibited. Should, however, force of circumstances, such as an invalid becoming at the last moment unfit to travel, death, etc., render reference to the Q. M. G. impracticable, the A. D. M. S. concerned will cancel the allotment, and inform the Q. M. G. in India by telegram, repeating to the Embarkation Commandant concerned and to the D. M. S. in India.

Movement of Invalids.

14. After having been invalided by a Medical Board, the movement of invalids from one station to another is prohibited except as follows :—

- (a) Invalids may be moved to a place of concentration under orders issued by the Q. M. G. in India prior to despatch to the port of embarkation.
- (b) Invalids brought to a central station to appear before a Medical Board should return at once to their own stations from which they will eventually proceed for embarkation.
- (c) Invalids fit to be moved who are boarded in the hills, may be sent to the stations at which their units are located, a statement to this effect being made in the last column of I. A. F. (Medical)-6. On the occurrence of the move information will be wired to the Q. M. G. and D. M. S. in India.

Should, however, unforeseen circumstances render movements, other than those detailed in (a), (b) and (c) above, unavoidable, a report with full particulars will at once be rendered to the Q. M. G. in India and to the Embarkation Commandant concerned, a copy being sent to the D. M. S. in India.

When in exceptional cases, a Medical Board recommends that an officer of the Indian Service should travel by transport instead of by private steamer, he will be despatched as a sick transfer to the hospital at the port of embarkation, irrespective of whether he is a Class "A" or Class "B" invalid.

Dieting and Railway Accommodation—Responsibilities of General Officers Commanding, Medical and Supply Officers.

15. In the case of Class "A" invalids, O. C. hospitals are responsible to the General Officer Commanding that suitable accommodation is indentured for.

20th June 1927.

Failing the provision of hospital trains class "A" invalids will be sent by mail train. Attention is invited to P. and A. Regulations, Part 2, para. 296, c. (i).

Class "B" invalids will, as far as possible, be sent in troop trains.

Provision will be made on all troop special trains of suitable separate hospital accommodation for men and for women and children.

Districts and Brigade Areas from which invalids are despatched will inform other District and Brigade Areas intervening between them and Bombay or Karachi that a party of sick is passing through and that they should instruct the medical and supply officers concerned to see if they can do anything for their comfort.

The O. C. B. M. H. at the station of departure will inform Os. C. B. M. Hs. at the scheduled halting places, by telegram, what cooked meals, ice, milk, etc., should be provided.

NOTE.—The B. M. H. Delhi, is too far from Delhi Railway Station to supply meals for invalids passing through. In this case P. and A. Regulations, Part II, para. 296, c. (i) will apply.

Os. C. B. M. Hs. despatching invalids who require cooked diets at Samasata en route to Karachi will inform the O. C. B. M. H., Multan, who will arrange through the Officer-in-Charge Supplies, Multan, and the Supply and Transport authorities at Samasata for their supply.

On the despatch of an invalid officer, soldier or family by train, the O. C. B. M. H. despatching the invalids will telegraph immediately to the Embarkation Commandant at Bombay or Karachi repeating (in the case of class "A" cases) to the O. C. B. M. H. at Bombay or Karachi, the following information :—

number of class "A" and class "B" invalids despatched,
station, date and hour of arrival,
ship by which sailing,
whether helpless or otherwise,

e.g., "Reference. seven invalids for Nevasa arrive Colaba eleven hours on third. Class A two, helpless one, Class B five".

Despatch of Mental Cases.

16. In the trooping season questions of disposal of mental cases, including transfers to a mental hospital, will be referred to the D. M. S. in India for instructions, in order that immediate steps may be taken for their transfer to the United Kingdom, unless the D. D. M. S. or A. D. M. S. considers that the removal of the patient to a mental hospital in India without delay is essential.

When a passage has been allotted to a mental invalid who is a patient in a civil hospital for mental diseases, the D. D. M. S. or A. D. M. S. who signed the reception order, will keep himself informed as to the health of the invalid, and should the patient become unfit to travel, will immediately inform the Embarkation Commandant concerned by telegram, repeating to the Q. M. G. in India and the D. M. S. in India.

When a mental case is despatched to a civil hospital for mental diseases, the O. C. hospital concerned will inform the D. M. S. in India by telegram.

20th June 1927.

Tubercle of lung cases.

17. As a rule the despatch of cases of tubercle of the lung, except on transports, presents the greatest difficulty, owing to the unwillingness of shipping companies to accept this class of case. There is also difficulty concerning the provision of suitable accommodation.

Before accommodation can be arranged on a private steamer for an invalid suffering from tubercle of the lung, a certificate as under, signed by a medical officer, must be sent to the Embarkation Commandant at the port concerned, and the fact that this has been done will be recorded on the application for passage. (Appendix I, telegram, etc.).

"Certified that the other passengers in S. S. "....." will not be injuriously affected owing to the presence on board of Captain a case of tuberculosis of the lungs".

N. B.—*This wording must be strictly adhered to, otherwise the certificate is useless.*

Cases of venereal disease.

18. Regulations for the Medical Services of the Army in India, Appendix VIII, will be carefully complied with.

For the purpose of medical supervision all venereal cases will be attached to the invalid draft, if any, throughout their journey from the starting station in India to the port of disembarkation in the United Kingdom.

To allow of adequate arrangements being made for separate messes a nominal roll of venereal cases will be sent under confidential cover to the Embarkation Commandant to reach him three clear days before the date of embarkation.

Officers' families invalided.

19. (a) British Service officers' families when invalided by a Medical Board to the United Kingdom, other than those invalided for preservation of life (*vide* last sentence of this sub-paragraph), are non-entitled passengers (*vide* Army Regulations, India, Vol. X, Appendix X) and their chances of being sent to England at Government expense depend on whether any non-entitled passages are available. I. A. F. T. 1720-(H.) will be submitted along with I. A. F. (Medical)-6.

On receipt of the documents of a non-entitled invalid at A. H. Q., steps will be taken by the Q. M. G. in India to place the name of the invalid on the non-entitled priority roll, and in the event of a non-entitled passage becoming available, a notification of allotment will be sent by the Embarkation Commandant concerned.

Only a few days' notice is possible in the case of indulgence passengers, and such passages are only granted subject to the conditions laid down in para. 1219, King's Regulations.

Telegraphic and demi-official reference to A. H. Q. on the subject will not be entertained.

When a Medical Board considers it absolutely necessary for the preservation of life that the family or some member of it, should proceed to the United Kingdom forthwith, the invalid must be recommended for transfer to the United Kingdom under the provisions of A. R. I. Vol. X, para. 72.

(b) Indian Service Officers' families are only entitled to passages admissible under the passage concessions, except when the head of the family is invalided on account of disability due to field service.

20th June 1927.

Families of other ranks invalided.

20. Should a Medical Board, in exceptional circumstances, consider it essential that the husband should accompany the wife in the same cabin, the Board will definitely say so in the proceedings, giving the reasons, and the O. C. hospital will further state in column 17 of Appendix I that the family should be berthed in second class cabins.

Medical inspection before embarkation.

21. Under the Paris Sanitary Convention, no person can embark unless previously passed by the D. A. D. M. S. Embarkation, who, for the purposes of transports, is gazetted as an Assistant Port Health Officer, vide Bombay G. R. No. 1265-P., dated 12th August 1908. Certificates from other medical men, civil or military, cannot be accepted for this purpose, but I. A. F. M.-1240 must be produced in all cases. Attention is directed to the Regulations for the Army in India, para. 440-A.

The D. A. D. M. S. Embarkation will be in attendance at the docks for this purpose on the day of embarkation.

After inspection passengers must embark at once, otherwise the inspection becomes void. Once a passenger has embarked he cannot leave the ship and re-embark without obtaining a pass from the D. A. D. M. S. Embarkation.

Baggage.

22. All baggage, except light cabin trunks or kit bags, of invalids will be despatched to arrive at the dock by 10-00 hours on the day prior to sailing. Baggage of individuals travelling by special troop train will accompany them in the train.

Passengers arriving with their kit by train on the afternoon prior to embarkation will send their baggage to the dock at once. If baggage is not at the dock on the day prior to embarkation it is liable to be shut out. Special provision is however made for those passengers who arrive with their baggage on the day of embarkation.

Invalids and families look after their own baggage as far as possible so as to obviate loss. The simplest way for 1st and 2nd class passengers to do this is through agents.

Medical Officers doing duty on Troopships

23. Medical officers detailed for duty on transports will report to the Embarkation Commandant as may be ordered by the Q. M. G. in India.

Reports by Embarkation Commandants

24. A diary of all transports will be kept, in which will be noted any important points. At the end of the trooping season a report (in duplicate) on the whole season will be sent to the Q. M. G. in India, embodying any suggestions, etc., for the next trooping season.

Deputy Assistant Directors of Medical Services, Embarkation

25. One D. A. D. M. S. Embarkation will be stationed at Bombay, and one at Karachi. Their duties are detailed in Appendix II

Revised 1927.

PART III.—ACCOUNTS AND DOCUMENTS.

In supersession of the instructions contained in India Army Order No. 624 of 1926, the following rules will be observed in regard to the preparation of documents and payment and issue of last pay certificates, of drafts and details of British troops proceeding to the United Kingdom or a Colonial station on transfer to a unit serving there or for discharge or transfer to the Army Reserve or on furlough.

These rules apply equally to soldiers of the India Unattached List and Indian Corps of Clerks as far as embarkation documents are concerned but are not applicable to these two categories as regards pay documents.

2. Normally units will be allotted a number of passages for a definite Transport and the probable date of sailing will be communicated to them. Small numbers of extra men and any men detained in hospital en route and subsequently discharged will however be ordered to the Attached Sections, Bombay and Karachi, without orders being passed for them to sail by any particular Transport. These men will be allotted to Transports by the Embarkation Commandant concerned, and will be taken on to the strength of the Attached Section to which they may be ordered. In such cases L. P. Cs. will be issued by the O. C. the individuals' original unit to the O. C. Attached Section concerned who will take the men on to his pay.

N.B.—The expressions "Officer Commanding" and "Unit" used herein include the "O. C. an Attached Section" and "Attached Section" respectively in the case of men taken into the payment of such Sections.

3. The Officer Commanding will pay the soldier any amount due to him up to and for the date preceding sailing, but where the soldier's account is Rs. 30 or more in credit the whole or any portion of such credit may be remitted by means of I. A. F. A.-602 if the soldier so desires.

4. The soldier's accounts will then be made up to and for the date preceding sailing and Part I of A. F. O.-1809-G. will be completed to show the man's debit or credit balance on the date of sailing after taking into account all payments made to him and all sums earned up to that date.

5. I. A. Fs. A.-443 or 444 will be prepared after taking into account all sums remitted Home by means of I. A. F. A.-602, all sums paid to the soldier, and all sums earned by him up to and including the date preceding sailing, and will be forwarded (on the same date on which the A. F. O.-1809-G. is despatched to the Embarkation Commandant) to the Controller of Military Accounts concerned for countersignature and transmission to the Regimental or Colonial Paymaster. The balance credit or debit must agree with that shown in the last pay certificate.

6. In cases in which the date of sailing of a soldier is altered, the following procedure will be observed:—

- (a) If the alteration takes place before the soldier leaves his unit, documents already issued will be cancelled and the fact of such cancellation will be intimated to the Officers to whom they were issued. Fresh documents will be prepared when the soldier eventually does leave the unit.

20th June 1927.

- (b) If the soldier has left the unit but has not sailed the Officer Commanding the hospital or other unit *en route* in which the soldier is detained will at once communicate the fact to the soldier's unit and the Embarkation Commandant concerned. The Officer Commanding the soldier's unit and the O. C. Attached Section concerned will be informed of the date on which the soldier eventually resumes his journey to the port and a L. P. C. will be issued to the O. C. Attached Section into whose payment the man is taken—*vide* paragraph 2 above. On this being done the original documents should be cancelled as prescribed in paragraph 6 (a).

7. Further complete detailed orders are given in the Annexures hereto.

I. A. O. 441. Judicial—Penal deductions by sentence of Court-Martial.—Instances have occurred in which, in cases of conviction, Court-Martial, possibly relying on the Note to Section 136 of the Army Act, have refrained from exercising, or have omitted to exercise, the power of penal deduction referred to in Sections 137 (2) and 138 (3) of the Army Act, leaving any matter of financial adjustment to be dealt with in the manner indicated in the Note. That Note is now obsolescent and will be regarded as cancelled; it will not appear in its present form in the Manual of Military Law now under revision at the War Office.

Courts-Martial, where the circumstances require it, will be careful, when passing sentences, to take into consideration the provisions of the above mentioned sub-sections, even in sentences of cashiering, dismissal, or discharge with ignominy, as there is often due to offenders so sentenced pay which could be stopped by sentence of the Court.

Practise long points and short points at dummies, advancing.

Jabs.—Demonstrate and practise at dummies as a separate ~~offence~~—quicken.

Practise long point, short point, and jab, advancing dummies.

Quickening exercise with training stick, varying long and jab.

Butt Strokes.—By demonstration suggest possibilities offensively. Practise and quicken with the training stick.

Kicks, Trips, etc.—Suggest possibilities of staggering means of kicks, trips, blows, missiles, etc., should it be possible to use the bayonet or bullet. Quickening exercise—employing all or any offensive action.

N.B.—Throughout the offensive period men under the assault course in easy stages, first at the walk, then advancing, employing only such actions as have already been taught.

General Note.—The whole of the above should be taught using the bayonet as an assistant to the bullet to kill, once it has been demonstrated and practised, it should at once be quit the training stick and employed in conjunction with all already learnt. The guiding principle in all quickening exercise is that so long as a man carries out quickly and energetically an action which would be likely to kill or maim his opponent, he is right.

Under no circumstances whatever must instructors imagine that they are teaching definite actions to meet definite circumstances. Their duty must not become academic. A recruit must be taught to use his bayonet to meet every eventuality with the object of increasing his morale and ensuring his will and power to kill.

INDIA ARMY ORDERS.

I. A. O. 467. Passage—Railway.—It has been decided, in effect economy, to adopt a System of Trooping for all Furlough Parties of Indian Units, the details of which are set forth below :—

Detailed instructions for the move of Furlough Parties of Indian Units.

All movements will be co-ordinated by Districts and Brigades. The bulk requirements of Rail accommodation will be allotted to the Q. M. G., in India, who will arrange special troop special troop carriages as may be most expedient.

2. Special troop trains and special troop carriages will despatch to a convenient railway station, which will be called the Dispersal Station in India, and which will be called the Dispersal Station in India. Station details will be despatched to the Dispersal Station.

The DISPERSAL STATION will be selected for its suitability for the area concerned and for its convenience as regards accommodation and officers' accommodation.

Up to the Dispersal Station furlough details will travel at a reduced rate, the despatching officer issuing a warrant for the number of details on the special train, or vehicle warrants for the individual vehicles.

3. The Public carrying capacity of the vehicles employed will be adhered to, as the Military carrying capacity is only intended for troops moving with full equipment. Railway free allowance of baggage only will be admissible and this will be taken into the carriage with the individual.

4. Each unit despatching Furlough details on a special train will be required to send an officer as far as the Dispersal Station to despatch details to their ultimate destinations. Small parties of under 20 will be attached to another unit's party and no officer need be sent.

1st class accommodation will be provided on these trains for officers and 2nd class accommodation for Indian officers.

The number of officers, British and Indian, to accompany a Troop Train, or portions thereof, will be decided by the Q. M. G., in India and notified in his train orders.

Officers thus detailed will be entitled to Travelling Allowance at the temporary scale for the return journey from Dispersal Station to their units and to a Detention Allowance of Rs. 10 per diem when travelling on the Troop Train.

There is no reason why an officer after completion of his duty at the Dispersal Station should not proceed on any leave granted direct from that station and still remain entitled to his Travelling Allowance for the portion of the journey—Dispersal Station to unit—on expiry of his leave.

5. Furlough details will be entitled to rations from their own stations on the day of arrival at the Dispersal Station, and Furlough will therefore not commence until the day of arrival at the Dispersal Station.

6. For journeys onward from and return to the Dispersal Station rail fares will be advanced to the men by the Unit Conducting Officer, and the fare for return to the Dispersal Station announced.

7. For the return journey the Dispersal Station becomes the starting point and the procedure will then be reversed.

8. The Dispersal Station will send an officer to the Dispersal Station in time to collect the details on the furlough train.

1. The following arrangements will be made for the classification or re-classification for proficiency pay of soldiers employed away from their units (as batmen to staff officers, orderlies at brigade or divisional headquarters, etc.), to whom the conditions of A.C.I.s. 484 and 537 of 1924 do not apply:—(The provisions of A.C.I. 510 of 1926 are applicable only to soldiers absent from their units on leave):—

(a) Such a soldier serving at the same station as his unit will be classified or re-classified by the O.C. his unit.

(b)—(i) Such a soldier not serving at the same station as his unit will be tested, where practicable, by the O.C. a unit of the arm of the Service to which he belongs, at the station at which he is serving, with a view to his qualifications for proficiency pay being ascertained. The O.C. the unit conducting the test will notify the O.C. the soldier's unit of the result.

The G.O.C. will then make arrangements in the command or district for testing the soldier to ascertain his qualifications for proficiency pay, or if, owing to expense, difficulty of obtaining a relief, etc., reasonable arrangements for the test cannot be made, he may authorize a unit test to be dispensed with. ARMY COUNCIL INSTRUCTION 187 OF 1927.

187. Amendments to the Army Act.

Attention is drawn to the following provisions contained in the Army and Air Force (Annual) Act, 1927, which received the Royal Assent on 12th April, 1927. All these provisions come into operation within Great Britain and Ireland, the Channel Islands and the Isle of Man from 30th April, 1927, and elsewhere from 31st July, 1927.

SECTION 24.

In paragraph (1) of section twenty-four of the Army Act (which relates to the making away with equipments, etc.), after the words "he has charge" there shall be inserted the words "or any public property issued to him for his use or entrusted to his care for military purposes," and the definition of "equipments" in the same section shall be omitted.

NOTE.—This amendment will remove doubts which have arisen as to the meaning of the expression "equipments", and make it clear that the section applies to all public property issued to a soldier for his use, or entrusted to his care for military purposes.

SECTION 57A.

In the definition of the expression "superior military authority" in sub-section (9) of section fifty-seven A of the Army Act (which relates to the suspension of sentences), after the word "general" where that word first occurs there shall be inserted the words "or air," and after the words "the officer", there shall be inserted the words "whether military or air force".

NOTE.—These amendments will enable the Army Council to appoint an air officer a "superior military authority", and will make an air force officer in chief command of a composite force of military and air forces employed on active service beyond the seas a "superior military authority" for the purposes of the section.

SECTION 83.

The following paragraph shall be added at the end of section eighty-three of the Army Act (which relates to the effect of appointment to corps) :—

"Where by Royal Warrant any corps is amalgamated with any one or more other corps, or the constitution of a corps is altered, or any unit is transferred from one corps to another, any soldier who at the date of the amalgamation, alteration or transfer was serving in such corps or unit shall be liable to serve in the amalgamated corps or the altered corps or the corps to which his unit is transferred, as the case may be, in like manner as if it were the corps in which he was previously serving, but he shall not be liable without his consent to serve in any unit in that corps in which he could not, without his consent, have been required to serve if no such amalgamation, alteration or transfer had been effected."

NOTE.—This amendment provides that when the constitution of a corps is altered by amalgamation or otherwise, all soldiers serving in the corps at the time of amalgamation, etc., shall be liable to serve in the amalgamated, etc., corps. There is a special provision for preventing the position of any man who was appointed to the corps before the amalgamation, etc., being prejudiced thereby.

SECTION 178.

In section one hundred and seventy-eight of the Army Act (which relates to mutual relations of regular forces and auxiliary forces), after the words "auxiliary forces" there shall be inserted the words "or any reserve officers, or retired officers," and the words "belonging to such auxiliary or reserve forces" shall be omitted.

NOTE.—Section 178, which provides that members of the auxiliary and reserve forces and pensioners who are subject to military law in pursuance of the Army Act shall be subject to the Act as if they were part of the regular forces, did not cover reserve officers or retired officers. The amendment now brings these officers within the scope of the section.

SECTION 179.

In paragraph (19) of section one hundred and seventy-nine of the Army Act (which contains a modification of that Act with respect to the Royal Marines), for the words "a public prison for the purposes of this Act" there shall be substituted the words "a military prison for the purposes of this Act relating to imprisonment".

NOTE.—This amendment is consequential on the redrafting of sections 58—68, Army Act, as enacted by the Army and Air Force (Annual) Act, 1926.

SECTION 190.

Paragraph (14) of section one hundred and ninety of the Army Act (which provides for the interpretation of the expression volunteers and volunteer forces) shall be omitted.

NOTE.—This paragraph defined the expression volunteers and volunteer forces as including the Honourable Artillery Company. As this unit is part of the Territorial Army, the paragraph is no longer appropriate.

J. S. SHEA, General,

Adjutant General in India.

Notes for the Guidance of R. A. Signalling Instructors and Examining Officers.

While it is recognised that the peculiarities of R. A. Signal Work in the Field demand that certain points be given particular attention, it is essential that all R. A. Signallers should be capable of working with other arms of the service.

Instruction must therefore be conducted on the lines at present laid down in Signal Training Part I and relevant I. A. Os., with the exception that the shutter sending and reading tests in the annual classification will be replaced by a test for "Telephone messages and orders"; but to ensure that sufficient attention is paid to points of particular importance to the Royal Artillery, instructors and examining officers will be guided by the following notes when instructing and testing signallers of Royal Artillery Units.

Standard Tests (A. F. W.-5013).

(a) *Electrical Instruments*.—Particular attention must be paid during a signaller's first year's training to tests Nos. 1, 3, 4, 5 and 6 (Telephone D.-III) and to No. 19.

(b) *Signal Training*.—Special attention must be paid to *Station Drill*, which is the most important part of a R. A. Signaller's training. Instructors must train up to and examiners must exact a very much higher standard than now obtains. During the second and subsequent years' training, signallers will be instructed in the following items, which are additional to those included in A. F. W.-5013 :—

28. Carry out the combined duties of writer and caller at a transmitting station.

29. Helio—replace a broken mirror—locate and remedy a shake in stand or instrument.

30. Use of ground strips.

A higher rate of encoding and decoding (No. 26) will be exacted from a signaller after his first year.

Classification Tests (A. F. B.-225).

(a) For "Shutter" in column 5 read "Telephone messages and orders".

(b) Signallers will be trained and tested up to the following rates of reading and sending :—

Helio	8 words per minute.
Flag (small)	8 words per minute.
Lamp	8 words per minute.
Buzzer	10 words per minute (for Indian Signallers 8 words per minute).
Semaphore	10 words per minute.

(c) In sending messages and orders by telephone, particular attention must be paid to the pitch of the voice and to clear enunciation. It must be remembered that a R. A. Signaller who fails in this respect is a danger to his battery.

2. Battery Commanders must institute a system of methodical inspection of all signalling equipment : a system, on the same lines as the Gun Park. Inspection Tables given in the Quarterly summary of Artillery Information No. 10, 1923, ensure that each item is inspected periodically.

WAR OFFICE LETTER NO. 111|GEN. NO.|2122 (A.G.-4.A.), DATED THE 25TH MAY, 1927.

With reference to War Office Circular letter, number as above, dated 20th January, 1925, regarding the granting of leave to proceed abroad, I am commanded by the Army Council to inform you that, in granting permission to Officers and other ranks, to proceed to ITALY, they should be instructed especially to carry their passports on their persons whilst in that Country.

Italian regulations require all residents (including visitors and travellers) to be in possession of a Carta d'Identita, and to produce it on demand.

It is, however, considered sufficient in the case of British Officers and other ranks when visiting or travelling through Italy if they are able to produce immediate evidence of their identity.

I. A. O. 521—Passages—Railway—Parties of Indian troops have in some cases arrived at ports from overseas stations for onward despatch to destination in India with baggage in excess of the onward despatch Regulations. Such parties are invariably deficient of money wherewith to pay for the excess baggage for the onward rail journey.

2. Before despatching parties of Indian troops to India from overseas stations, O. C. units will see that their Government kit is packed separately from their private kit. In the event of any individual having excess baggage, the O. C. unit will ensure that he has sufficient money to defray the cost of its movement by rail in India.

2. The new qualifications which will be required on and after 1st July, 1927, are shown in the amendments to para. 259 King's Regulations, 1923, which, under A. O. 295 of 1926, came into operation on that date.

3. (a) From 1st July, 1927, the existing system of appointing a valuable man not in possession of a first class certificate of education to acting rank, under para. 259, King's Regulations, 1923, as it stands at present, will cease. Accordingly all N. C. Os. so appointed and holding such acting rank on 1st July, 1927, will revert to their permanent rank with effect from that date.

(b) The only promotions to warrant rank of men not educationally qualified will be those of men specially dealt with under A. C. I. 325 of 1926 (as amplified by A. C. I. 3 of 1927).

I. A. O. 554. Disposal of chargers purchased from Government at concessional rates.—Orders concerning the disposal of chargers purchased from Government at concessional rates under the provisions of R. A. I., Appendix XIII, have in some cases been disregarded.

2. Officers are absolutely precluded from selling such concessional chargers in the open market; they may only be disposed of by re-sale to Government, except as provided for in para. 2 (a) and (c) of the above quoted Appendix, i.e., (i), if the Army Remount Department refuses to purchase owing to unfitness for service, or (ii), being over 12 years of age, or (iii), having been in the owners' possession for 5 years.

Where an officer in possession of a concession charger wishes to transfer it to another officer, who is equally entitled to purchase a charger at concession rates, the seller must apply to the Remount Officer at the Command Headquarters concerned to re-sell the horse to Government under the terms laid down in R. A. I., Appendix XIII, para. 3 (a). The prospective purchaser will submit his application to take over the charger on I. A. F. NOTICE.

" The Lord Rawlinson Portrait Fund."

A balance sheet on the closing of the above Fund is published for information.

This Fund was initiated in 1925 under the Presidency of H. E. the Commander-in-Chief in India and subscriptions amounting to Rs. 13,554-7-0 were collected. A portrait, painted by Mr. Oswald Birley, was presented to Lady Rawlinson on behalf of subscribers by Field Marshal Sir Claud Jacob in June 1926. A copy, made by an expert, has been hung in "Snowdon", the official residence in Simla of the Commanders-in-Chief in India. Photogravures of the painting have also been distributed on payment to those subscribers desiring them.

Owing to the generous response to the appeal for subscriptions, there remained, after carrying out the original intentions of the Fund, a substantial balance. The Committee decided that this balance would be most suitably utilised for the provision of an annual prize in memory of Lord Rawlinson at the Prince of Wales' Royal Indian Military College, Dehra Dun, an institution in which he was greatly interested. A sum of Rs. 5,500 has already been invested for this purpose and conditions for the grant of the prize approved. The credit remaining in hand will be devoted to the same purpose.

NOTICE.

A. S. C. B. (India)—Olympic Games, Amsterdam, 1928.

At the All-India Olympic Sports which were held in Calcutta in February, six athletes and two reserves (none from the Indian Army) were provisionally selected to represent India at the Olympic Games in Amsterdam in 1928. It was then decided that in February 1928 (probably 3rd and 4th) these athletes would be required to face any challengers from all Provinces, including Indian athletes of the Indian Army, who have developed during the year and who have been certified to have done as well as or better than those athletes provisionally selected.

2. The A. S. C. B. (India) feel that the talent in the Indian Army should be further encouraged; they already have the names of about six promising athletes, and with the approval of H. E. the Commander-in-Chief have decided to assist those Indian Officers and Other Ranks who are desirous of competing at Lahore in February 1928.

For this purpose the Staff of the Army School of Physical Training, its running track and impediment will be placed at the disposal of any individuals who pass the following standards in their own stations. Local Committees will be formed under the orders of the Local Sports Committees concerned and all tests carried out in their presence; they will also certify that the individuals proceeding to Ambala have passed the prescribed standards.

I. A. O. 595. Boarding-out of Cavalry Horses.—Clause (iv) of para. 4 of Army Instruction (India) No. 1112 of 1925 lays down that boarders will be withdrawn from the allottees on attaining the age of 13 years. This clause is to ensure that the war reserve maintained under the boarder system is kept efficient by regularly turning over boarders and withdrawing the older horses.

Exceptions have been made to this rule with the result that there are now a considerable number of boarders over 13 years of age, which can no longer be considered as fit to take their place in the field on mobilization.

Officers Commanding Cavalry regiments will therefore be held responsible that the provisions of para. 4, clause (iv) are strictly enforced, and will, without any exception, recall all boarders that have attained the age of 13 years.

Only such horses will be issued as boarders as are sufficiently young to permit of the allottees enjoying their use for a reasonable time before recall becomes necessary.

I. A. O. 643. Disposal and Settlement of Accounts of Soldiers Remanded from the India Unattached List for Discharge or Transfer to the Army Reserve in Great Britain and Northern Ireland.—Memorandum issued with Army Council Instruction No. 264 current, is republished below.

1. Soldiers serving on the India Unattached List, other than departmental warrant officers (i.e., sub-conductors or conductors) are, for the purpose of discharge from the service, formally remanded in their India Unattached List rank to their British regiment in order that their documents may be prepared for transmission to the officer i/c records concerned in Great Britain. If a soldier's original unit is stationed at the time out of India, the preparation of the necessary documents is undertaken by the nearest unit in India belonging to the same branch of the service as that of the soldier's original unit. A soldier so remanded from the India Unattached List need not, however, actually rejoin for regimental duty pending discharge. Unless he is discharged for misconduct, the soldier is entitled to the pay of his India Unattached List rank up to the date of his discharge.

2. The following procedure will be followed in regard to the discharge and settlement of the accounts of such soldiers on their arrival in Great Britain and Northern Ireland :—

(a) Soldiers not granted privilege leave under Indian Regulations pending discharge.

The soldier's discharge will be carried out on the expiration of his engagement, or forthwith if his engagement has expired.

The soldier's account will be settled by the regimental paymaster, and all credits, including any gratuities admissible under Arts. 951 and 982, Pay Warrant, 1926, but excepting the plain clothes allowance (see para. 5), will be recovered direct from the India Office by him.

A soldier not granted privilege leave is eligible for 14 days' furlough, or bonus in lieu, under the conditions laid down in paragraph 1559, King's Regulations, 1923.

(b) Soldiers granted privilege leave under Indian Regulations pending discharge.

The soldier will be in possession of a furlough certificate showing that he has been granted leave. He is required to report his arrival, in writing, to the India Office immediately on disembarkation.

The officer i/c records will be informed by the India Office of such a soldier's arrival in order that his discharge may be carried out on

I. A. O. 643. Disposal and Settlement of Accounts of Soldiers Remanded from the India Unattached List for Discharge or Transfer to the Army Reserve in Great Britain and Northern Ireland—Memorandum issued with Army Council Instruction No. 264 current, is republished below.

1. Soldiers serving on the India Unattached List, other than departmental warrant officers (i.e., sub-conductors or conductors) are, for the purpose of discharge from the service, formally remanded in their India Unattached List rank to their British regiment in order that their documents may be prepared for transmission to the officer in records concerned in Great Britain. A soldier so remanded from the India Unattached List need not, however, actually rejoin for regimental duty pending discharge. Unless he is discharged for misconduct, the soldier is entitled to the pay of his India Unattached List rank up to the date of his discharge.

2. The following procedure will be followed in regard to the discharge and settlement of the accounts of such soldiers on their arrival in Great Britain and Northern Ireland :—

(a) *Soldiers not granted privilege leave under Indian Regulations pending discharge.*

The soldier's discharge will be carried out on the expiration of his engagement, or forthwith if his engagement has expired.

8th September 1927.

the expiration of his engagement, or forthwith if his engagement has expired. The officer i/c records will notify the India Office of the date on which the discharge is carried out. The soldier's account will be settled by the India Office, and all credits, including any gratuities admissible under Arts. 981 and 982 of the Pay Warrant, 1926, but excepting the plain clothes allowance (see para. 5), will be charged finally to Indian revenues. The plain clothes allowance will, however, be recovered from the regimental paymaster.

If the soldier's discharge is carried out on a date prior to that on which his privilege leave expires he will be credited with pay up to the end of his leave and debited by the India Office with the equivalent of the pension that he will receive in respect of the period of leave beyond the date of his discharge.

If, however, the soldier is not due for discharge until a date subsequent to that on which his privilege leave expires, the India Office will grant him furlough in extension of his privilege leave to the date of discharge.

3. Transfer to the Army Reserve.—A soldier of the India Unattached List who elects to transfer to the Army Reserve is required to relinquish his Unattached List rank, and is remanded to his British regiment in the rank and seniority held prior to transfer to the India Unattached List.

The accounts of such soldiers will be settled by the regimental paymaster.

4. Discharge or Invaliding while on ordinary leave or leave on medical certificate in Great Britain and Northern Ireland.—In any case in which it is decided that a soldier of the India Unattached List on leave from India should be discharged from the service, the India Office will inform the officer i/c records, in order that the discharge may be carried out. The soldier's account, including any gratuities admissible under Arts. 981 and 982 of the Pay Warrant, 1926, will be settled by the India Office. Plain clothes allowance, however, will be recovered from the regimental paymaster (see para. 5).

5. Plain Clothes Allowance.—Plain clothes allowance for soldiers remanded from the India Unattached List for discharge or transfer to the Army Reserve in Great Britain and Northern Ireland is, in all cases, an Imperial liability. No credit to Indian funds will be given in respect of public clothing brought home from India by such personnel. Such articles will be taken on charge as Imperial property, and any deficiencies will be dealt with in accordance with Clothing Regulations. When the value of deficiencies is not recoverable from the individual concerned, it will be charged against Indian funds.

6. Long Service and Good Conduct Medal Gratuity.—In cases in which the Long Service and Good Conduct Medal has been awarded, with gratuity, payment of the gratuity will be made by the regimental paymaster or by the India Office, whichever is responsible for the settlement of the soldier's account.

8th September 1927.

When the medal has been awarded under a British Army Order the gratuity is chargeable to Imperial revenues and, when issued by the India Office, will be recovered from the War Office. When the medal has been awarded under an India Army Order the gratuity is chargeable to Indian revenues and, if issued by the regimental paymaster, will be recovered from the India Office.

I. A. O. 644. Stores—Despatch of Overseas.—Demands for freight for the despatch of stores will be submitted to the Quartermaster General in India instead of to the Embarkation Commandant concerned

2. When forwarding such demands the Indenting Officer will state thereon the degree of urgency for despatch, and any special reasons for which it is impossible to detain the consignment until the sailing of a transport.

3. Branches and Directorates of Army Headquarters, Formations and Units, will make every endeavour to avoid despatch of stores in the non-trooping season

4. The above procedure should effect a considerable saving in the Transportation Budget and entail no delay in the despatch of stores provided despatching officers exercise the necessary prevision.

I. A. O. 645. Passage Concessions.—Officers of the Royal Corps of Signals and the Indian Mountain Artillery, who are eligible for the passage concessions sanctioned under Army Instruction (India) No. 5-S. of 1925, will, when complying with paragraph 10 of Appendix II, Part III thereof, furnish the Controller of Military Accounts, Presidency and Assam District with the date of their arrival in India from their last entitled passage, whether by Government transport or private vessel.

2. Officers who have already submitted the reports required by that paragraph, will also furnish this supplementary information.

3. These reports, together with the additional information, will be submitted at an early date so that passage registers may be prepared.

The condition of all animals will probably improve if they are fed partly on silage, especially during the hot weather when green fodder is unobtainable. I. A. O. 660, Overseas Settlement of Retired Officers.—A. C. I. No. 33 current, is republished below :—

Settlement of Retired Officers in the Dominions : Formation of Overseas Settlement Bureau by the Overseas League.

The following communiqué has been received from the Overseas League, Vernon House, Park Place, St. James's Street, London, S. W. 1, and is published for the information of all officers who may be interested :—

1. An Overseas Settlement Bureau has recently been formed by the Overseas League for the purpose of advising and helping officers of H. M. Forces who contemplate settling in one or other of the Overseas Dominions on retirement.

The primary function of this Bureau is to assist officers who, finding it difficult to live on their pensions in Great Britain, desire to settle in parts of the Empire which hold out better prospects for themselves and their families, and where the cost of living is less.

2. The activities of the Bureau are under the control of a Migration Sub-Committee of the Overseas League. In addition to the formation of the Bureau at Vernon House, which will collect and collate reliable information concerning the various dominions, the Migration Sub-Committee has undertaken :—

- (a) To form small advisory sub-committees in various parts of the Dominions which will transmit to the Central Bureau the information required.
- (b) To interview the applicants at the Central Bureau, Vernon House, record full particulars, and make necessary enquiries.
- (c) To give applicants letters of introduction to members of the League overseas who will welcome them on arrival and entertain them until they have an opportunity to make suitable arrangements for themselves.

The advisory sub-committees referred to in (a) will be composed of members of the Overseas League (which has a membership of 30,000 throughout the Empire) and other prominent citizens, who have no commercial interests in the settlement of new comers and who will undertake the work in an entirely patriotic and voluntary spirit. It is intended that these committees shall collect information of available properties and other openings and, if possible, secure a few temporary options.

3. The scheme has the approval of the Overseas Settlement Committee of the Dominion Office. No commissions of any description are charged and there is no commercial element in the work of the Migration Sub-Committee of the League, neither are subscriptions required of officers who wish to avail themselves of the organisation.

4. At present the Migration Sub-Committee is confining its activities to British Columbia. Applications for information regarding other parts of the Empire will, however, be welcomed, although such information, at the present stage, may take somewhat longer to obtain.

12th September 1927.

r who requires further information should communicate with the Hon. Secretary, Migration Sub-Committee, Overseas League, Vernon House, Park Place, St. James's Street, S. W. 1.

A limited number of copies of a pamphlet on British Columbia as a settlement for ex-regular British Officers by Colonel H. G. Reid, C.M.G., R.E., D.S.O., will be distributed on application to Army Headquarters.

I. A. O. 661. Soldiers Service—Indian Army.—Army Department letter No. A-35939/3 (A.G.-6), dated 21st July 1927, to the Adjutant General in India is published below

2. All claims to pension, gratuity, continuance of an allowance, or for the reckoning of former service (I. A. P. A-365) will invariably be supported by the duplicate sheet roll of the individual.

delegation of powers to Controllers of Military Accounts to admit claims to former service of Indian ranks of the Indian Army and ancillary services in cases where service documents are not forthcoming.

It has been represented to the Government of India that owing to correct preparation or loss of service documents, e.g., sheet or long rolls discharge certificates, the interests of certain Indian ranks of the Indian Army or of the ancillary services, have already been, or may hereafter be, prejudicially affected, in that they have not been, or will not be allowed either to count their service prior to re-enrolment towards old conduct pay and pension on subsequent re-enrolment, or be paid any gratuities in respect of such former service.

2. Under the existing system, the payment or otherwise, of pension or gratuity to a discharged soldier, is recorded on his sheet roll and discharge certificate—*vide* India Army Order No. 495 of 1921, and Adjutant General's letter No. A-21694/1 (A.G.-10), dated 26th September 1923 (to all Commands and Districts). In the case of individuals who are discharged from their previous engagements prior to the 17th May 1921, i.e., the date of issue of the above India Army Order, the fact regarding the payment of gratuity cannot, however, be verified if, for any reason, the relevant records in the audit office have been mislaid or destroyed. In such cases the Officers Commanding units, with which the individuals may serve at the time the claim for reckoning of former service is preferred, should collect and submit to the Controller of Military Accounts concerned such collateral evidence as may be procurable, together with the sheet rolls, with reference to the provisions contained in the I to para. 83 and para. 86, Financial Regulations, Part I and India Army Order No. 495 of 1921.

3 In cases of this nature, i.e., where the individuals were discharged prior to the 17th May 1921, the Officers Commanding units were requested to decide whether or not the individuals were entitled to pension or gratuity. In such cases the Officers Commanding units may be able to produce, and to submit claims to former service in cases where the former are satisfied with evidence produced.

4. Doubtful cases should continue to be submitted for the orders of Government of India.

24185|Q.M.G.-2.

I. A. O. 687. Mechanical Transport Courses at the Royal Army Service Corps Training College, Aldershot.—Lists of officers who qualified at courses of instruction held at the Royal Army Service Corps Training College, Aldershot, between (a) 24th January and 23rd April and (b) 2nd May and 31st July are issued with this Order.

61825|Q.M.G.-5.

I. A. O. 688. Results of Courses at the Veterinary Schools.—A list of students who qualified at the course of instruction held at the Army Vety. School, Ambala, from the 1st August to the 10th September, is issued with this Order.

57499|Q.M.G.-16.

I. A. O. 689. Ammunition—Artillery.—To obtain the best possible uniformity in shooting, a grouping system of cordite has been adopted.

1. Under this system lots of similar ballistie properties can be allocated to each unit, and this is considered the best method obtainable of securing consistent shooting. The classification of lots is based on the muzzle velocity given by a nominal charge fired under standard conditions. The muzzle velocities are divided into groups above and below the "mean of specification", the extent of each group being 10 f/s. in the case of guns and 5 f/s. in the case of howitzers.

2. The groups immediately above and below "mean of specification" are given the numbers 10 and 9 respectively, and the other groups higher and lower numbers, as the case may be. For example:—In the Q.F. 18 pr. the "mean of specification" is 1660 f/s. All lots which give at proof velocities between 1651 and 1660 f/s. are allocated to group 9, and all lots giving between 1661-1670 f/s. to group 10, and so on.

The symbol used in grouping of lots will be "D" for M. D. in cord or tubular form.

23rd September 1927.

3. Thus each lot of propellant, in addition to being defined by its nature and manufacturing lot letter and number, will also be accorded a letter and number which defines its ballistic properties; e.g., D 15, D 12, D 8, etc.

Charges will continue to be adjusted as before, and the marking of the manufacturing lot letters and number maintained on cartridges and their packages, but the above additional markings will appear; the letters A. C. denoting an adjusted charge being omitted

4. The necessary amendments to Regulations will be carried out.

6922|M.G.S.-2-A.

I. A. O. 680. Guns, Machine, Hotchkiss, .303-inch—Legs, telescopic.—The telescopic leg for use with the Hotchkiss gun, is designed to fit over the oil bottle in the butt.

Should the leather washer fitted to the oil bottle become worn, the clamping band of the telescopic leg will be a slack fit. This will be rectified, by unit armourers, by fitting further washers either at the base of the oil bottle or beneath the milled head of the oil bottle brush.

10316|M.G.S.-2-B.

I. A. O. 691. Appointments, Promotions, Leave, etc.—List No 19 of appointments, promotions, leave, etc., which have been approved by His Excellency the Commander-in-Chief in India, is issued with this Order.

L. A. O. 633 Allotment of Vacancies at Army Schools of Instruction 	616-617

24th September 1927.
INDIA ARMY ORDER.

I. A. O. 693. Allotment of Vacancies at Army Schools of Instruction.—
I. A. O. 510 of 1926 with the exception of the Annexure thereto (which shows the total number of vacancies which Units should receive over a period of four years, and which is republished as Annexure "A" to this Order) is cancelled, and the following substituted :—

1. *Normal Unit allotment over a period of four years (1927-30)—*
Vide Table "A" issued as an Annexure to this Order.

2. *Method of allotting vacancies—*

The number of vacancies per Command, etc., during 1928 for courses at the Schools referred to in Table "A", is shown in Annexure "B" to this Order. The actual allotment is based on the number of Units in the Command, and the number of vacancies each unit should obtain over a period of four years.

Commands will sub-allot on a similar basis in time to reach Districts by 1st November.

3. *Applications for vacancies—*

Units will submit returns through the usual channels to reach Districts by 1st November, showing the number of vacancies they require at each course for 1923; these returns will be based on the Table "A" allotment.

4. *Allotment by Districts—*

Districts will then allot vacancies to Units, based on Table "A" and the number of vacancies received during 1927. They will maintain a careful record of vacancies allotted during 1927 and subsequent years so as to ensure that the Table "A" allotment is adhered to as far as possible.

5. *Exception to the general rules regarding allotment of vacancies—*

(a) R. A. vacancies for all Schools at which vacancies are allotted in Table "A" (and referred to therein) will be notified by Army Headquarters to Colonels Commandant R. A. of Commands.

(b) R. E. vacancies for all Schools at which vacancies are given and referred to in Table "A", will be allotted direct by Army Headquarters to Corps of Sappers and Miners.

(c) *Royal Tank Corps School—*

The Commandant of the School will allot vacancies to R. T. C. groups direct.

(d) *Senior Officers' School—*

Officers should be within 3 years of Command or promotion to Lieutenant-Colonel.

A. H. Q. will allot vacancies by name.

6. *Surrender of vacancies—*

(i) Vacancies may only be surrendered at the discretion of the Brigade and Brigade Area Commander, as follows :—

(a) B. Os. of Indian Units for any school.

(b) Remaining vacancies for any School other than the Small Arms School and Indian Wing of the Army School of Education.

24th September 1927.

(ii) Vacancies so surrendered will be re-allotted by the District immediately a surrender is notified. Should the District be unable to re-allot they will surrender to the Command, who will re-allot to another District. Only in exceptional cases should Districts have to surrender to the Command, and such surrendered vacancies will always be re-allotted within the Command unless such re-allotment would mean sending an insufficiently prepared student to the course.

(iii) Districts will forward to Schools a Nominal roll of the students attending (exclusive of R. A. & R. E. Students) 15 days before a course commences.

A H. Q. will supply the School with a Nominal roll of R. A. and R. E. students by the same date.

(iv) There will be no correspondence direct between Schools and formations and units, except in the case of the R. T. C. School, on the subject of the allotment of vacancies.

(v) Schools will report to Army Headquarters immediately on receipt of the Nominal roll of students any increase or deficiencies between the vacancies allotted in I. A. Orders, and those shown on the Nominal rolls received from Districts.

7. Units moving in relief (British and Indian)—

Units due to move on relief during the cold weather season will submit their returns forthwith to their Brigade or Brigade Area Headquarters who will pass it direct to the Brigade or Brigade Area into which the Unit is moving. In the case of Units coming from Overseas, the full number of vacancies for which the Unit is entitled for one year must be allotted by the District into which the Unit is moving, any readjustment found necessary can be made subsequently.

8. Indian Units Serving Overseas—

Indian Units serving in Iraq and Aden will not receive vacancies for any courses in India other than Small Arms School during their tour overseas.

Districts will be responsible that on return to India they receive extra vacancies to bring them up to the Scale laid down in Table "A".

9. Small Arms School Vacancies—

I. A. O. 741. Educational Training—British.—Army Council Instruction No. 389 current is republished below :—

389. First Class Certificate of Education—Examinations for—.

1. Beginning with the examination of March, 1928, the following modifications will be made in the examinations for the Army First Class Certificate of education.—

(a) Non-commissioned officers and men will be permitted to present themselves for examination in one or more subjects of the syllabus, and any soldier who passes in all four subjects either together at one examination or separately at different examinations will be awarded the certificate and become duly qualified for promotion, and will be allowed to proceed to the examination for the Army Special Certificate.

(b) Candidates presenting themselves for examination in one, two or three subjects, will be required to obtain fifty per cent. of the maximum marks in each subject in order to pass.

(c) Candidates who attend the complete examination will pass if they obtain the present standard of forty per cent. of the marks in each subject.

Any such candidate who fails to obtain a pass mark for the whole examination, will be allowed to pass in any subject in which he obtains fifty per cent. of the maximum marks for that subject.

(d) Candidates who have already partially qualified for the First Class Certificate by obtaining forty-five per cent. of the aggregate marks and have to take one subject to complete the examination will be allowed to pass in the remaining subject at the present standard provided that they take the examination during 1928.

(e) Candidates who intend to work for the Army Special Certificate with a view to obtaining exemption from university matriculation will study the regulations of the university concerned regarding the acceptance of the certificate.

Any candidate who has obtained his certificate after more than the number of attempts allowed by a selected university will be permitted to re-qualify by taking the whole of the examination at one attempt.

2. The object of this modification is to encourage soldiers to read for the First Class Certificate examination and so to continue their education throughout their service. Continuity of study keeps a man's mind flexible and improves his powers of initiative and adaptability.

Commanding Officers will therefore encourage men who have second class certificates to take up at least one subject of the examination for the first class certificate.

3. The necessary amendments to Educational Training, 1923, will be published in due course.

I. A. O. 743. Legal and Judicial—Effect of the Adoption of Children Act, 1926, upon Stoppages under Section 145, Army Act, Voluntary Allotments, Marriage Allowance and Compulsory Allotments.—Army Council Instruction 353 of 1927, on the above subject, is republished below :—

353. Effect of the Adoption of Children Act, 1926, upon Stoppages under Section 145, Army Act, Voluntary Allotments, Marriage Allowance and Compulsory Allotments.

1. The Adoption of Children Act, 1926, makes provision for children to be adopted on and after 1st January, 1927, with statutory effect by order of the Court. Under Section 5 (1) of the Act, when an adoption order is made, all rights, duties, obligations and liabilities of the parent in relation to the future custody, maintenance and education of the child are extinguished and vest in and are exercisable by and enforceable against the adopter as though the adopted child was a child born to the adopter in lawful wedlock. The effect of this as regards stoppages, etc., in the case of a soldier is shown below.

2.—(a) If a soldier adopts, under the Act, a child, whether legitimate or illegitimate, of another person or his own illegitimate child, stoppages may be enforced under Section 145 of the Army Act as for a legitimate child. In the case of a soldier's own illegitimate child so adopted the soldier's liability under an affiliation order is extinguished and gives place to a liability as for a legitimate child.

(b) If a soldier's child, whether legitimate or illegitimate, is adopted under the Act by another person, any stoppages that are being enforced specifically in respect of that child, under a court order or under an order of the Army Council or competent officer under Section 145 of the Army Act, will cease, the previous order becoming void so far as the child in question is concerned.

15th October 1927.

3.—(a) If a soldier adopts a child under the Act, he will be permitted to make a voluntary allotment for that child.

(b) If a soldier's child, whether legitimate or illegitimate, is adopted under the Act by another person, any voluntary allotment being made for that child will cease and the soldier will not be permitted to commence an allotment for that child in future.

4. If a soldier's child is adopted under the Act by another person, marriage allowance and compulsory allotment in respect of that child, if in issue, will cease as from the date of the adoption order.

5. It should be noted that an interim order under Section 6 of the Act which provides for a child being entrusted to the intending adopter for a probationary period has not the effect of an adoption order, and any case in which such an interim order affecting a soldier is made should be submitted to the Under Secretary of State (F.2M.), The War Office, for special instructions.

6. Where a soldier adopts, under the Act, a child other than an illegitimate child born to himself and his wife before their marriage for whom marriage allowance is already in issue, marriage allowance is not issuable in respect of such a child under existing regulations. Whether it should be issuable in the future has not yet been decided, and further instructions on this point will be issued in due course.

(Note.—A soldier would not usually adopt an illegitimate child born to himself and his wife before their marriage, since the Legitimacy Act, 1926, now normally legitimates such a child, but there are certain cases where the Legitimacy Act has not that effect.)

7. Any case of adoption by a soldier or adoption of a soldier's child under the Act will be reported at once to the company, etc., commander by the soldier who will furnish at the same time a certified copy of the adoption order or of the adoption entry in the Registrar-General's register. These certified copies will be passed to the O. & P. record and pay office concerned for notation and return to the soldier. Any case in which an interim order is made affecting a soldier will similarly be reported by him.

8. The effect of the Adoption of Children Act, 1926, on regulations affecting officers and soldiers otherwise than as detailed above is under consideration and will be notified, where necessary, in due course.

46[General]271 (F. 2M.).

A.-45825|A.G.-8.

I. A. O. 744. Legal and Judicial—Suspension and Review of Sentences awarded by Courts-Martial.—The following amendment is made by Army Council Instruction 359 of 1927 to Army Council Instruction 430 of 1921, which was republished as an Annexure to India Army Order 5 of 1922 :—

Para. 13, sub-para. (b), lines 4 and 5, for "the man is serving his sentence" substitute "the man's unit is serving".

A.-45837|A.G.-8.

15th October 1927.

I. A. O. 745. Furlough and Leave—Officers.—British Service officers (other than Cavalry, Artillery and Infantry Officers who have served regimentally in India) proceeding from India to rejoin the British Establishment will not be granted leave under Indian Regulations prior to transfer, but will be furnished with a certificate stating the period and nature (i.e., whether privilege or on private affairs) of any leave taken since the 1st April prior to their return, including any periods of leave which began before the 1st April, but which ended after that date. The certificate will be made over to the Commanding Officer of the new unit to which the officer is posted on joining for duty on the British Establishment.

Officers who have leave at their credit will then be granted leave from the Imperial Establishment, under articles 450 and 474, of the Pay Warrant 1926.

A.45496|A.G.-11.

I. A. O. 746. Medical Equipment—Indenting officers frequently indent for newly authorised articles of medical equipment immediately on receipt of the orders sanctioning their issue. As new items of equipment have usually to be imported into India and do not become available until about 6 months after the receipt of the Government orders, indents will not be submitted until the Medical Store Depots intimate that the articles are available for issue.

13851|D.M.S.-2

I. A. O. 747. Sterling Currency—Supply of — on board the Home-going Troopships, during the Trooping Season, 1927-28.—With the approval of the Government of India, arrangements have been made with Messrs. Grindlay & Co., Ltd., Bombay, for the supply of English money (£1 and 10sh. notes) on board the Homeward bound troopships sailing from Bombay and Karachi, during the trooping season 1927-28.

Messrs. Grindlay & Co., Ltd., will be given every facility to transact private exchange and agency business on board the incoming and outgoing transports, at the Ports and at Emergency Rest camps when found. This, however, will not constitute a monopoly as officers and troops will have the option of changing money with private bankers, both at the Ports and while *en route* to the Ports.

2. The Embarkation Authorities at Bombay and Karachi will notify Messrs. Grindlay & Co., Ltd., Bombay and their Agents at Karachi respectively, as early as possible, in advance, of the anticipated dates of arrival and departure of all transports and will inform them of the lump sum amounts in Sterling required to be placed on board each Homeward bound transport.

3. The cost of the Treasury Notes supplied by the firm to the transports will be re-imbursed to them on the same day on which the Notes are supplied by means of a Station Order which will be issued by the Embarkation Commandants, Bombay and Karachi, in communication with the District and Brigade Commanders respectively.

4. India Army Order No. 680 of 1926 is cancelled.

NOTICE.

The following letter relating to the National Institute for the Blind is published :—

224—228, GREAT PORTLAND STREET,
London, W. 1.
October 1st, 1927.

DEAR SIR,

Again we would like to thank all those who supported this special Fund last year, especially those who became annual subscribers.

As you know this special Fund has the sympathy and the financial support of the Admiralty, the Army Council and the Air Council.

The National Institute is assisting in every way possible by caring for blind babies, blind parents, and blind dependents of serving and ex-service men, and in some instances making no charge at all against this special Fund.

The donations and subscriptions last year fell just short of £3,000, and up to the present time some 160 cases of blind men, to say nothing of blind relations are being dealt with, and at least a sum of £8,000 per year is wanted to enable Captain Sir Beachcroft Towse to do his work properly.

The general method of administration is as follows :—

Each case receives individual attention, and assistance is given in various ways which can be summarized under three headings :—

- (1) By direct and sole assistance from the Fund.
- (2) By co-operation with the local agencies for the blind in the districts where the men reside and are undergoing training. In some instances assistance is also given through branches of the British Legion.
- (3) By giving additional financial assistance to those who are, owing to old age and physical disability, untrainable and unemployable.

The reasons for this method are that the Fund is not yet financially strong enough to shoulder the entire responsibility. This can be easily understood—the cost of training is anything from £90 to £200 per annum (according to the profession or trade) to train a blind man, and his training may take from one to three years. Also, the cost of maintaining each untrainable and unemployable blind man is from £100 to £150 per annum.

How this method works is illustrated by the following table :—

Type of case.	No.	How the Fund is dealing with them.
Men having part-disability pensions.	39	By providing additional financial help in co-operation with other societies.
Men totally unemployable and untrainable	35	By giving money grants, parcels of food, etc.
Men undergoing training .	27	By paying for the training, and maintaining the men while under training.
Men suitable for training .	5	By maintaining them while awaiting vacancies in suitable training institutions.
Men adjudged not to be blind within the definition of the Act.	6	By supplying glasses and generally keeping in touch with them, as it is of greater importance to save the failing sight than to withhold assistance until blindness has developed.
Men permanently employed, trained, set up in business, and put in way of permanent employment	40	By giving extra financial help for equipment, etc., and by supervising generally.
Men under investigation .	10	By examining all possible factors and eventually helping them in one or other of the ways mentioned above.

Total number of cases .. 161

Why we must have £8,000 per annum :—

In round figures 30 men in training would cost £3,000 per annum.

Thirty men unemployable and untrainable would cost £3,000 per annum.

Supplementary grants to those who have part-disability pensions would amount to £1,000 per annum.

After-care of trained men and expenses would amount to £1,000 per annum.

We believe that the above details and figures will satisfy everyone that :—

(1) The Fund was, and is, undoubtedly a necessity.

(2) The Fund is faithfully fulfilling its object.

(3) The Fund is worthy of continuous support.

But there is an additional reason why the Fund should be supported, and it is a very large BUT. Fresh applications for assistance arrive every day, and there is no prospect of these decreasing. Consequently in order to continue the help we are providing, and to give to the new cases similar assistance, and to establish a Subsidiary Pension Fund for those unemployable and untrainable cases, most urgent and generous financial support is needed.

We could dwell on the pathetic side of the question, and picture to you a man who has served his country to the best of his ability left helpless in a dark and strange world, utterly alien to his former active life. But your imagination will need no such aid.

Sufficient for us to say that the hard facts given above prove that your help is earnestly needed and that your assistance is gratefully appreciated.

The rest we leave to you.

ALLENBY, *Field-Marshal*.

W. R. ROBERTSON, *Field-Marshal*.

I. A. O. 858. Reserves, Indian Army.—The Commanding Officer of a combatant arm of the service, of which the reserve establishment is full, may, in order to avoid having to discharge Indian Other Ranks who do not wish to extend their service by 1 or 2 years, permit a soldier to continue his colour service for a maximum period of six months, provided there will be a vacancy in the reserve establishment before the expiration of that period.

No formal extension of service is necessary as the provisions set forth in the enrolment form (I. A. F. K-1162) are sufficient authority for temporary retention with the colours.

A./46360|A.G.-2.

I. A. O. 859. Ceremonial—Presentation of Indian Officers at Levees, etc.—When Indian officers are presented to general officers and officers commanding brigades on inspection parades, or to high Government officials at levees and other public functions, the following method of offering the sword will be observed:—

The officer will halt at "attention" two paces in front of, and facing, the official to whom he is to be presented. He will then salute with the right hand. After saluting he will raise the sword at the left side until the hilt is in line with the waist, without detaching it from the sword belt. He will then loosen the sword in the scabbard, drawing out the hilt about one or two inches, and extend the sword to the front until the hilt is about 9 inches from the body, holding the guard to the left and the sword at such an angle that the general or official could easily draw it from the scabbard should he wish to do so; at the same time the officer will advance one pace, so as to stand one pace in front of the official to whom he is being presented.
